Assembly Told "Any
Means" To Be Used
To Defeat Nasser

PARIS, Aug. 3 (P)—French government leaders solemnly assured the National Assembly today they will "use every means" to defeat Egyptian President Gamal Abdel Nasser's Suez coup.

Premier Guy Mollet and Foreign Minister Christian Pineau, cheered by all but the Communist members, said the government is seeking every way for a peaceful solution but is preparing for strong military action if this fails.

Across the English Channel, the British government likewise worked at a double-barreled policy. It was calling up thousands of army reservists under a royal proclamation of "great emergency" and setting in motion the gears for a 24-nation conference to install international control over the Suez Canal.

May Decline Invitation

But advance indications from Cairo were that Nasser would decline his invitation to the conference, called in London for Aug. 16.

Nasser broke off a vacation in Alexandria and returned to Cairo tonight to study the implications of the American-British-French bid to submit his July 26 nationalization of the canal to an international regime guaranteeing open passage to ships of all.

He went at once to headquarters of his Revolution Council headquarters and conferred with his army commander in chief, Gen. Abdel Hakim Amer, and the presidential aide, Ali Sabry.

Earlier official Egyptian sources said the three-power plan "completely disregards the rights of Egypt to exercise sovereignty within its boundaries."

U.S. Secretary of State Dulles returned to Washington from his London conference with British and French foreign ministers and expressed hope it had produced a solution of the Suez crisis that would avoid "the danger of violence."

The three-power communiqué accused Nasser of an arbitrary seizure of international facilities for national purposes.

Britain, as host to the 24-nation conference, got out the invitations today.

Russia Is Signatory

Russia, one of the signatories of the 1988 convention guaranteeing the international character of the canal, got her invitation along with the rest.

Moscow remained officially non-committal, but Western diplomats were hopeful the Russians would attend. They noted Soviet Communist party boss Nikita Khrushchev in a speech this week urged a settlement by negotiation. They speculated, however, that Russia might demand the admission of Red China and perhaps some other Communist countries to the conference.

India's Cabinet met to consider the crisis and there were strong indications the government might propose neutral Geneva as the conference site, instead of London.

Reliable indications were that West Germany, Spain, Japan, Sweden, Pakistan and New Zealand all would attend.

700,000 State Residents Paid Income Taxes

BALTIMORE, Aug. 3 (P)—Seven hundred thousand Marylanders paid the State income tax last spring.

The total number of taxpayers tops last year's figure by 75,000, or about nine per cent.

But that doesn't mean that the nine per cent skipped paying their taxes in 1955, before the present program of withholding State taxes from earners' pay chec s went into effect.

It could be attributed to the decrease in personal exemptions, which also went into effect last year.

Reports On Suez Crisis

U.S. Steel Signs Contract With Union

NEW YORK, Aug. 3 (P)—U.S. Steel Corp., biggest steel producer in the land, tonight signed a strike-ending contract with the United Steelworkers.

Actually U.S. Steel was the third company to come to terms in a 34-day-old, 650,000-man steel shutdown.

But behind it, pen in hand, waited more than 30 other firms, large and small, ready to follow suit.

The hope was that fires would begin building up again in the vast steel furnaces Monday, with production under way in quantity by the end of next week.

Crucible Steel Co., a major firm, signed last night. Pittsburgh Steel signed today.

A union spokesman had said the companies appeared to be "shooting for" a recall of workers by Monday.

A Crucible spokesman said in Pittsburgh that some maintenance personnel already were back at work in its four plants.

The company's Midland, Pa., plant was expected to begin producing steel in about two days.

At Crucible's Syracuse, N. Y., plant, however, it was said it would be 7 to 10 days before the full force of 3,200 is back at work.

Repair work normally done during the vacation period was not completed because of the strike.

Industry and union reached basic agreement on economic issues of a three-year contract last Friday, but have been busy since then on the meticulous task of a greeing on contractual language.

India's Cabinet met to consider the crisis and there were strong indications the government might propose neutral Geneva as the conference site, instead of London.

Reliable indications were that West Germany, Spain, Japan, Sweden, Pakistan and New Zealand all would attend.

Ex-Boxer Gets Woman Released

LOS ANGELES, Aug. 3 (P)—Pat Comiskey, husky ex-boxer and now a part-time actor, obtained freedom for his king-size girl friend today when he refused to prosecute her for shooting him.

Miss Leonore Louise Brinkley, 31, who is 6 feet 2, was arrested yesterday after Comiskey, 36, was shot in the thigh at the house where he said he and Miss Brinkley have lived together for two years.

But that doesn't mean that the nine per cent skipped paying their taxes in 1955, before the present program of withholding State taxes from earners' pay chec s went into effect.

It could be attributed to the decrease in personal exemptions, which also went into effect last year.

JAMESTOWN, N. Y., Aug. 3 (P)—At the headquarters of the Grand Army of the Republic here, Miss Cora E. Gillis, GAR secretary, closed out the official record book today, with the entry of the death of Albert Woolson.

She said she would attend the funeral of Woolson, the last Union Army veteran of the Civil War, in Duluth, Minn., Monday.

The records, badges, flags and official seal of the GAR will be turned over to the Library of Congress.

Egypt Blasts Big Three Stand

CAIRO, Egypt, Aug. 3 (P)—Egypt tonight criticized the United States, Britain and France for ignoring Egyptian rights in the Suez Canal. But it neither accepted nor rejected an invitation to the Aug. 16 conference on international control of the canal.

Ali Sabry, aide to President Gamal Abdel Nasser, issued a statement saying foreign ministers of the Big Three Western Powers took no notice of Egypt's rights in their declaration on the canal's nationalization issued yesterday in London.

The statement said the Big Three declaration was a distorted picture of the situation.

President Nasser returned to Cairo this afternoon after a vacation at Alexandria.

Truman Parking Fine Is Paid

KANSAS CITY, Aug. 3 (P)—An overtime parking fine of \$3.50 against former President Harry S. Truman was paid by Mayor H. Roe Bartle of Kansas City today.

The fine, the mayor explained, was raised by 25-cent contributions from "a number of good citizens of Kansas City and surrounding territory."

Three Instructors Found Guilty In Recruit Cases

PARRIS ISLAND, S.C., Aug. 3 (P)—Since April 8, three Marine drill instructors here have been tried by court-martial and convicted in cases involving recruits.

April 8 is the date S. Sgt. Matthew C. McKeon led a platoon of 74 recruits into a tidal stream where six drowned. His general court-martial for that night march has attracted nationwide attention during the last three weeks.

In two other cases, drill instructors were convicted of maltreatment of recruits. Another was convicted of violating lawful orders.

Sgt. Matthias F. Coleman Jr., of Mastic Beach, Long Island, N.Y., on June 2 was found guilty of violating two lawful orders by allowing recruits to enter areas

Lee Confident Of Win In Bid For Third Term

SALT LAKE CITY, Aug. 3 (P)—Gov. J. Bracken Lee, confident he can win, puts his bid for an unprecedented third term before a partially hostile Republican state nominating convention tomorrow.

Lee made national headlines earlier this year by refusing to pay part of his 1955 income tax.

He and three others are campaigning to get on the GOP gubernatorial primary ticket.

The 1,069 delegates to tomorrow's primary will cast one ballot. The two gubernatorial candidates who receive the most votes will advance to the Sept. 11 primary. The primary winner will be the party's candidate in the November general election.

Lee's opponents tomorrow are George D. Clyde, chairman of the Utah Water and Power Board, and State Sens. Rendell N. Mabey of Bountiful and Elias L. Day of Salt Lake City.

Anti-Lee men backing none of these candidates in particular have been trying to pressure one of them to throw his delegates to the other two in order to sink Lee.

However, the "one-shot" ballot has hindered this attempt.

All three Lee opponents feel they can win and each has hesitated so far to sacrifice his delegates.

In his two terms, Lee has wielded a heavy economy ax and has reduced government expenditures by such means as trimming the number of state employees by 10 per cent and eliminating many state offices.

Anti-Lee men—both Republican and Democratic—have based their attacks on the governor's stand on national and international affairs.

Lee's refusal to pay part of his 1955 income tax provided them with plenty of ammunition. The governor refused to pay as a protest against the use of tax money for foreign aid, one of many Eisenhower administration policies he has opposed.

Earlier, defense attorney Emile Zola Berman and Maj. Charles B. Sevier, the prosecutor, had presented closing arguments.

Harriman Told To Fight GOP

NEW YORK, Aug. 3 (P)—Adlai Stevenson today politely but firmly told New York's Gov. Averell Harriman, a fellow Democratic presidential hopeful, to aim his fire at the Eisenhower administration.

"I think," said Stevenson, "there is enough to criticize in the Eisenhower administration without hounding the Democrats criticizing one another."

"I presume Gov. Harriman is doing what he thinks best for our common cause."

Stevenson had written his comment on a piece of paper. Verbally, he added that by "common cause" he meant "the success of the Democratic party."

His statement followed a question about an address Harriman made last night. In it, the New Yorker, without mentioning Stevenson by name, had stated that a policy of "moderation" would lead to the party's defeat in November.

Stevenson has called for moderation in implementation of the U.S. Supreme Court order to desegregate the schools.

Dehl said the car's description fitted Westcott's exactly. In addition, he said, Pastrana agreed the car belonged to Westcott.

Pastrana was quoted as saying a friend had given him the car and asked him to drive it to New York.

He was vague about the name of the man who lent him the car, Dehl said.

With Pastrana were two sailors who said they joined him at Barstow, Calif. They were held as witnesses.

Ike Taking Steps To Aid Backers

Plans Personal Help Before Election

WASHINGTON, Aug. 3 (P)—President Eisenhower was reportedly taking concrete steps today to aid down-the-line GOP supporters of his legislative program as a part of his efforts to "rebuild" the Republican party.

In consultation with some Senate candidates before they left Washington for home campaigns, the President was said to have held out the prospect he will give them what personal help he can before the November election.

The candidates understand that this help will be extended through warm endorsements voiced by Eisenhower if his campaign schedule takes him into their states. If he is forced to choose between areas he will visit personally, some of his all-out senatorial backers believe he will pick their states.

Poses For Pictures

In at least one instance, Eisenhower has found the time since his return to work in the White House after his June 9 intestinal operation to pose for campaign pictures with a Republican senator who went down the line for his legislative program.

Most other GOP candidates who display pictures of Eisenhower and themselves will be showing somewhat outdated photos.

Eisenhower told a news conference Wednesday one reason he decided to run again was a belief that the Republican party "needed rebuilding so badly."

Those who talked to the President recently say he has in mind what he has called the "liberalizing" of the party along the "progressive-moderate" line he has laid out in the past.

Associates said Eisenhower has regarded it as prime importance in this year's campaign to get into Senate and House races as many Republicans as possible whose political philosophy matches his own.

Twenty minutes after the verdict was returned, the court was recessed until 9:00 a.m. (EDT) tomorrow, thus deferring sentence for at least that long.

Court Finds Him Guilty Of Neglect

Court Martial Recess
Called Until Today;
Sentence Undecided

PARRIS ISLAND, S.C., Aug. 3 (P)—Sgt. Matthew C. McKeon was cleared tonight of manslaughter charges in the April 8 death march that cost six marine lives. He was found guilty of simple negligence and drinking on duty.

"I feel good, honest to God," the tall 31-year-old drill instructor said moments after the verdict.

The court of seven military officers then withdrew to consider the sentence. Unlike a civilian jury, it is their duty to sentence the defendant.

On the charge of drinking in barracks in violation of a general order, McKeon is liable to a maximum two years in prison and a dishonorable discharge.

Renders Simple Verdict

In acquitting the defendant of the most serious charge, manslaughter, the jury took it upon itself to render instead a verdict of guilty of simple rather than criminal negligence. It amounts to negligent homicide and is punishable by a maximum of a year in prison.

McKeon's pregnant wife, Betty, 28, broke down and wept at the verdict.

"I just feel stunned," she said.

Defense Attorney Emile Zola Berman of New York City told reporters, "I am not appealing anything if this boy is kept in the corps."

Under the conviction McKeon also is liable to a bad conduct discharge.

Twenty minutes after the verdict was returned, the court was recessed until 9:00 a.m. (EDT) tomorrow, thus deferring sentence for at least that long.

The prosecutor, Maj. Charles B. Sevier, who conducted the case against McKeon quietly but vigorously, shook hands with McKeon afterwards and told him:

"You just keep on going like you have been doing."

The court received the case at 12:37 p.m., EDT. After an afternoon of deliberations, they went out for dinner at 5:22 p.m. In mid-afternoon it had asked for the more than 40 exhibits in the case maps, photographs and records.

Law officer Irving N. Klein, acting as trial judge, handed them over and the court went back into session.

Harriman Told To Fight GOP

NEW YORK, Aug. 3 (P)—Adlai Stevenson today politely but firmly told New York Gov. Averell Harriman, a fellow Democratic presidential hopeful, to aim his fire at the Eisenhower administration.

Lee's refusal to pay part of his 1955 income tax provided them with plenty of ammunition. The governor refused to pay as a protest against the use of tax money for foreign aid, one of many Eisenhower administration policies he has opposed. The government collected the money by seizing Lee's bank accounts last May.

Prisoners' Story Not Substantiated

REIDSVILLE, Ga., Aug. 3 (AP) — A joint legislative committee investigating mass leg-breaking of convicts at the Buford State Prison branch for incorrigible convicts said today that charges of cruelty and brutality at the state's "Little Alcatraz" have not been substantiated.

The legs of 3 convicts were

smashed with 20-pound sledgehammers during a rest period Monday afternoon and five others were mutilated Tuesday. The prisoners were quoted at the time as saying they broke their own legs in protest against brutality and hard treatment and they told the committee that brutality and cursing by the guards drove them to the act.

While a total of 41 prisoners suffered leg injuries, examination at the hospital of the state prison here disclosed that five merely suffered cuts and bruises but no fractures.

In a unanimous report, the committee said that "The allegations of cruelty and brutality have not been substantiated by the group before us."

The statement said, however, that the committee did find that "profanity and abusive language has been used by the guards and the supervisors in addressing the prisoners," and "that some of the guards and supervisory personnel have on occasion slapped and beaten prisoners."

The Department of Correction was asked to take action to stop such practices immediately.

The committee recommended strongly against any relaxation in Buford discipline which it said "has proved highly beneficial to the entire prison system of the state."

Food and sanitary conditions at the Buford camp were given a clean bill of health. The committee also said that "working hours and conditions of the prisoners are not inhumane and the prisoners are not being required to do any more work or to work longer hours than laborers in many types of industry."

The Central Committee, which ends its meetings here Sunday, also issued a lengthy resolution on international affairs. This called upon churches of all nations to appeal to their government and to the United Nations to seek an international agreement for the discontinuance or limitation and control of experiments with nuclear weapons "in order to end a grave danger to mankind." It also called for ending of the cold war by eliminating false propaganda, for self-government for all countries, freedom of worship and freedom of travel.

Marine's Fate Is Undecided

PARRIS ISLAND, S.C., Aug. 3 (AP) — The fate of a Marine drill instructor who laid his career on the line to testify for Sgt. Matthew C. McKeon has not been determined.

Sgt. Leland L. Blanding, 22, of Binghamton, N.Y., told the general court-martial of McKeon that he, himself, had marched "five or six platoons" of recruits into waters and marshes of this island base, some at night.

One of the major charges against McKeon is oppression of recruits by ordering a night disciplinary march into a tidal marsh. That six of McKeon's "boots" drowned is the substance of another charge — involuntary manslaughter.

Col. George F. Gober of Iuka, Miss., Blanding's battalion commander, said today "there hasn't been" a decision as to whether to bring charges against Sgt. Blanding.

"To tell you the truth, I have no statement to make on that at this time," the colonel said. He did confirm "it would be my responsibility" to bring charges if there are any.

Blanding politely and defiantly testified about marches he has ordered similar to the McKeon death march of April 8.

The sergeant was told of his rights under Article 31 of military law — a warning against self-incrimination.

"I understand the article fully," Blanding replied, and continued with his testimony.

Rebel Cypriots Threatening To Hang Captured Britisher

NICOSIA, Cyprus, Aug. 3 (AP) — The rebel Cypriot underground said today it intends to execute a captured British civil servant if three Greek Cypriots under the death sentence are not reprieved by noon tomorrow.

The ultimatum was contained in a pamphlet circulated in Nicosia by EOKA, the Greek Cypriot underground. It identified the hostage as John A. Cremer, now retired, who has been missing since Wednesday.

Cremer, aged about 75, did not return to his Kyrenia home from his customary afternoon stroll that day. The EOKA pamphlet called him a "high ranking agent of

British military intelligence" and staked his life against a reprieve for Andreas Zafkos, Charilaos Michael and Iacovos Patatos. Zafkos and Michael are sentenced to death for their part in the ambush last December of British Maj. Brian Coombe. Coombe captured them after he killed a third attacker and his own driver was shot dead. Patatos was sentenced to hang for fatally shooting a Turkish policeman last spring.

All three will be executed within two weeks unless the governor's executive council intervenes.

Cremer formerly was chief of the audit department of the British Cyprus government and retired some years ago on pension.

In addition to Zafkos, Michael and Patatos, seven other Greek Cypriots are awaiting execution or the outcome of appeals. Two were hanged last May.

Earlier today, a coroner's finding listed the June 16 death of U.S. Vice Consul William P. Boteler as "murder by bombs thrown by persons untraced and unknown." Boteler, 26, of Washington, D.C., was killed in a bomb attack on a restaurant in Nicosia's Greek quarter. EOKA apologized in leaflets mailed last month to U.S. authorities. The leaflets said the killing was a "tragic mistake."

If convicted, McKeon may be dishonorably discharged from the Corps and imprisoned for a maximum of six years and three months.

He was accused of manslaughter, oppression of troops and drinking on duty for leading 74 members of Plato 71 at night into the tidal waters of Ribbon Creek shortly after 8 o'clock on a Sunday night last spring.

Some 20 minutes after the plane entered the muddy creek in reasonably orderly fashion, it had disintegrated into a shouting melee of frightened boys — 17 to 21 years of age — floundering beyond their depth and fighting for life.

Six recruits who went under never came up alive.

Tyrannical Act

The prosecution accused McKeon of a tyrannical act of punishment against his platoon. It offered testimony that he had been drinking, that he failed to reconnoiter the unfamiliar area of the creek, and that he failed to keep his platoon — some of them non-swimmers — in ranks in the water.

Finally, it said such night marches into the marshes of this sprawling 5,000-acre base are prohibited.

The defense admitted McKeon had been drinking. But testimony was offered that he was not drunk.

Berman argued that such night marches were common practice among drill instructors charged with the arduous duty of teaching Marine discipline to unruly young men from civilian life. And the defense contended the Marines would have lived had they followed McKeon's leadership, instead of frolicking off into deep water.

Mollohan Flays Administration At Demo Confab

WHEELING, Aug. 3 (AP) — Rep. Robert H. Mollohan said tonight that under the Eisenhower administration "the corporations have been fed fat profits" but the average citizens have been living on promises."

Mollohan, Democratic nominee for governor, spoke at the annual convention of the Young Democratic Clubs of West Virginia.

In an address prepared for delivery at the convention, Mollohan said the Democratic Party in the past has initiated and passed legislation that meant social gains and economic benefits for every segment of the population.

"But the past four years have added not one step to that forward progress," he said. Mollohan continued:

"We Democrats have been too conscious of our critics and too little aware of our own virtues. We have been too willing to recognize our shortcomings and too little prone to boast of our accomplishments. So, others have taken the bows for us."

"Since the adjournment of the 84th Congress, the press of the nation has been loud in praise of its constructive and responsible performance. But in almost every instance of the good measures which this Democratic-controlled Congress passed, credit went to the administration."

He urged Young Democrats to wage a vigorous general election campaign this year to place before the voters "the record of the Democratic Party, along with the positive issues upon which we base our claim for their support."

"Above all else, I urge you, let us avoid those campaigns of vilification, of personal attack, of smear, slander and sly innuendo which are the last resort of the politically bankrupt — of those who have nothing constructive of their own to offer the American People."

The council said, "Under present circumstances the withdrawal of U.S. forces now in Iceland on behalf of the alliance as a whole, would leave the country completely undefended."

A major deterrent to aggression in the North Atlantic area would no longer exist and a gap would be opened in the chain of defense which maintains our security," it said.

The council was considering Iceland's formal request to take up the matter in conformity with a provision in the NATO treaty for reopening of such a question. Iceland's Parliament voted 31-18 last March that withdrawal of the U.S. forces be recommended to NATO.

Under the NATO treaty and Iceland's agreement with the United States, Iceland must give the council six months to consider the matter. This six months started Aug. 1 under a note Iceland addressed to NATO.

During the period, representatives of Iceland and the United States will confer. If no solution is then reached, the agreement may be ended by either nation in 12 months.

The Council expressed hope full weight will be given in these talks to its findings, "which represent the views of the higher military authorities of the Alliance."

Recent changes in the Soviet Union "may represent the beginnings of an evolution which would help to bring about a better understanding between the Soviet Union and the free world," the Council said, but it is yet too early to assess their true meaning.

"Only an effective international agreement on disarmament with controls," it said, "would make real security possible for all."

Stassen Sees Uphill Battle For Herter

WASHINGTON, Aug. 3 (AP) — Harold E. Stassen acknowledged today he faces an uphill struggle in his effort to win the Republican vice presidential nomination for Gov. Christian A. Herter of Massachusetts.

Stassen told a news conference the odds "have improved" but are still against his job.

He said his job now is to stand steady while the American people and the convention delegates give thought to their choice of a vice presidential nominee.

Herter said in Boston last night he is not a candidate and that if his name is placed in nomination at the San Francisco convention opening Aug. 20 it will be without his consent. He agreed that he could not prevent any delegate from entering his name, however.

Stassen said contributions to finance his Eisenhower-Herter campaign are "now flowing in" and he has received \$1,730 from a wide range of individuals. This will enable him to open a small headquarters at the San Francisco convention, he said.

President Eisenhower has given Stassen a leave of absence for the rest of this month from his Cabinet-level job as special assistant on disarmament matters. This was to give him a free hand for his "political activities."

At his news conference, Stassen refused to answer a series of questions as to why he believes Vice President Richard Nixon would "detest" from the Republican ticket if renominated.

He repeated that a private poll indicated the most serious detraction would be Nixon's home state of California and on the West coast,

Prisoners' Story Not Substantiated

REIDSVILLE, Ga., Aug. 3 (AP) — A joint legislative committee investigating mass leg-breaking of convicts at the Buford State Prison branch for incorrigible convicts said today that charges of cruelty and brutality at the state's "Little Alcatraz" have not been substantiated.

The legs of 3 convicts were smashed with 20-pound sledges during a rest period Monday afternoon and five others were mutilated Tuesday. The prisoners were quoted at the time as saying they broke their own legs in protest against brutality and hard treatment and they told the committee that brutality and cursing by the guards drove them to the act.

While a total of 41 prisoners suffered leg injuries, examination at the hospital of the state prison here disclosed that five merely suffered cuts and bruises but no fractures.

In a unanimous report, the committee said that, "The allegations of cruelty and brutality have not been substantiated by the group before us."

The statement said, however, that the committee did find that "profanity and abusive language has been used by the guards and the supervisors in addressing the prisoners," and "that some of the guards and supervisory personnel have on occasion slapped and cuffed prisoners."

The Department of Correction was asked to take action to stop such practices immediately.

The committee recommended strongly against any relaxation in Buford discipline which it said "has proved highly beneficial to the entire prison system of the state."

Food and sanitary conditions at the Buford camp were given a clean bill of health. The committee also said that "working hours and conditions of the prisoners are not inhumane and the prisoners are not being required to do any more work or to work longer hours than laborers in many types of industry."

Soil Bank Plan To Aid Nation's Farmers

WASHINGTON, Aug. 3 (AP) — The government's new soil bank program will pour \$25 million dollars into pockets of farmers by early fall.

About two-thirds of this will go to corn producers in politically important Midwestern states. The bulk of the balance will be paid to growers of cotton, peanuts and tobacco, largely in the South, and wheat in the Great Plains and Far West.

This was the gist of a final Agriculture Department report today on agreements which farmers have signed to retire land from production of surplus crops this year in return for cash subsidies.

The department said that 495,432 farmers had signed agreements by the July 27 cutoff date to retire 10,770,000 acres of land that otherwise would have produced such surplus crops as corn, wheat, peanuts, rice, cotton and tobacco.

In addition to benefits of the soil bank program, farmers will get other financial aid from the department including nearly 250 million dollars in soil conservation payments and benefits of price support, surplus disposal, export, disaster relief and other programs which could run into several billion dollars, depending on developments in crops and prices.

Violent Storms In India Cause 21 Persons To Die

BOMBAY, India, Aug. 3 (AP) — Violent storms rippling through western India have killed 21 persons in the last four days, official reports said today.

Seventeen victims died as their mud homes crashed to the ground around them at Bijapur and Ahmedabad and four drowned in the swollen river Poona.

The worst hit area was between Bombay and Poona where road, rail and sea communications were seriously disrupted and widespread property damage occurred.

In Khandala, 18 inches of rain fell in 24 hours yesterday.

Rebel Cypriots Threatening To Hang Captured Britisher

NICOSIA, Cyprus, Aug. 3 (AP) — The rebel Cypriot underground said today it intends to execute a captured British civil servant if three Greek Cypriots under the death sentence are not reprieved by noon tomorrow.

The ultimatum was contained in a pamphlet circulated in Nicosia by EOKA, the Greek Cypriot underground. It identified the hostage as John A. Cremer, now retired, who has been missing since Wednesday.

Cremer, aged about 75, did not return to his Kyrenia home from his customary afternoon stroll that day. The EOKA pamphlet called him a "high ranking agent of

British military intelligence" and staked his life against a reprieve for Andreas Zafos, Charilaos Michael and Iacovos Patatos. Zafos and Michael are sentenced to death for their part in the ambush last December of British Maj. Brian Coombe. Coombe captured them after he killed a third attacker and his own driver was shot dead. Patatos was sentenced to hang for fatally shooting a Turkish policeman last spring.

All three will be executed within two weeks unless the governor's executive council intervenes.

Cremer formerly was chief of the audit department of the British Cyprus government and retired some years ago on pension.

In addition to Zafos, Michael and Patatos, seven other Greek Cypriots are awaiting execution or the outcome of appeals. Two were hanged last May.

Earlier today, a coroner's finding listed the June 16 death of U.S. Vice Consul William P. Boteler as "murder by bombs thrown by persons untraced and unknown." Boteler, 26, of Washington, D.C., was killed in a bomb attack on a restaurant in Nicosia's Greek quarter. EOKA apologized in leaflets mailed last month to U.S. authorities. The leaflets said the killing was a "tragic mistake."

Delli-Pizzi testified the incident began when Dr. Wick "molested" a night club dancer, Jean Winters, formerly of Huntington, W. Va., who since has become Delli-Pizzi's wife.

Delli-Pizzi followed Dr. Wick from the night club across the street to the lobby of a hotel where the two men argued. Testimony disclosed the defendant struck the doctor and rushed from the hotel to the street where Miss Winters was waiting in an automobile.

Move To Bar Taverns To Young

HAGERSTOWN, Aug. 3 (AP) — The Washington County Liquor Board moved today to keep young children out of taverns, even though the minors may be accompanied by their parents or other adults.

The board told all holders of tavern licenses that to permit minor children in their establishments, even when accompanied by parents, will render their licenses invalid.

Francis H. Urner, board chairman, said he is concerned with the "inevitable conduct of parents taking babies and young children in taverns."

"Where holders of tavern licenses permit such conduct, the board will consider such a licensee does not deserve a license," Urner said.

As commandant he will be in charge of indoctrination midshipmen as future naval officers and will be the second ranking officer to Rear Adm. William R. Smedberg III, academy superintendent.

Betty D. Kerns To Become Bride Of Thomas Harbaugh

Miss Betty Dolores Kerns, daughter of Mr. and Mrs. T. A. Kerns, Paw Paw, W. Va., will become the bride of Thomas Edward Harbaugh, son of Mrs. Mary A. Harbaugh, 114 Bellevue Street, today.

The wedding ceremony is to be solemnized at a nuptial mass at 9 o'clock in St. Patrick's Catholic Church with Rev. Arthur Bassett officiating. Candelabra of lighted tapers and bouquets of white flowers are being used in the altar decorations.

Miss Eulalia Harbaugh, sister of the bridegroom, will be the bride's maid of honor and only attendant, while Hugh Miller serves as Mr. Harbaugh's best man and John Harbaugh and Raymond O'Rourke are the ushers.

A program of nuptial music will be played by James Burns, as well as the traditional wedding march from the opera "Lohengrin," and Mendelssohn's recessional. He also will accompany William Burns singing, "O This Day Beautiful Mother," "O Lord I Am Not Worthy," and "Ave Maria."

To be given in marriage by her father, the bride will wear a floor-length gown of lace and tulle. It is fashioned with a lace bodice with cap sleeves, and scooped neckline trimmed in iridescent sequins and pearls. The skirt of tulle over taffeta has a chapel train. A lace cap, also trimmed with sequins and pearls, holds her fingertip-length veil of tulle. Completing her costume she will wear long white lace mitts and will carry a prayer book with white orchid marker and white satin streamers.

Her maid of honor's gown is of rose cristalette and is made complementary to the bride's with a scooped neckline, and full waltz-length skirt with a large bow in the back. With it she will wear a rose headband covered with flowers and veiling and carry a cascade bouquet of shades of pink.

Mrs. Kerns has chosen a rose lace dress for her daughter's wedding. With it she will wear navy blue accessories and an orchid corsage. Mrs. Harbaugh has a rose taffeta dress with brown accessories and also will have an orchid corsage.

A graduate of Paw Paw High School and of Catherman's Business School, the bride is employed on the staff of the Celanese Corporation of America Central Trucking Department.

The bridegroom is a graduate of LaSalle High School and is employed by the Times and Alleganian Company.

Following the ceremony a reception will be held at Minke's Cottage Inn for friends and relatives. Yellow roses, candelabra of lighted tapers, and a tiered cake adorned with a miniature bride and bridgegroom will carry out the bridal motif.

For their wedding trip the bride has selected a summer brown tweed dress with white accessories and her orchid corsage. Upon their return Mr. Harbaugh and his bride will reside at 425 Franklin Street.

Former HD Agent Goes To Nebraska

After living in Cumberland for the past 31 years, Miss Maude A. Bean, 447 Cumberland Street, left yesterday to drive to David City, Neb., to make her home.

En route, Miss Bean will stop at Rock Island, Ill., to visit an uncle and at Mattoon, Ill., to see an aunt. She plans to arrive in David City in time for the celebration of her church honoring 50-year members, who include Miss Bean and her brother.

Miss Bean, a native of Nebraska, came to Cumberland May 15, 1925 to be Allegany County home demonstration agent, and retired October 31, 1951, after having organized 30 homemaker clubs. She also organized the Homemakers Chorus, established the Scholarship Loan fund, tours of historical homes and churches of the county, an art exhibit in the library in 1938; and through her efforts, always had the most representatives at Rural Women's Short Course.

Besides her activities in 4-H and homemaker work, Miss Bean was a member of the Cumberland Business and Professional Women's Club, and served as its second president. She also was active in church work. In November 1950 Miss Bean received the "Distinguished Honor" of the National Home Demonstration Association Council at the annual meeting in Chicago.

Women's Sport Club Plans Hayride, Outing August 16

The August social for the Women's Sport Club will be held August 16 in the form of an outing and hayride.

Beginning at 7 o'clock, the hayride will be at Happy Hills Farm, Route 40.

Special games will be played and a surprise entertainment has been planned.

Reservations are to be made by August 13.

The committee of arrangements consists of Mrs. Julia Brant, Mrs. Laverne Tewell and Mrs. Shirley Eisenberger.

Reservations are to be made by August 8 with Jimmie D. Flanagan, PA 4-1040 or James J. Kave, PA 2-8108.

Add to rice and cook slowly about 10 minutes longer.

Pour gelatin into remaining 1/4 cup water or milk and soak a few minutes. Remove rice mixture from heat and stir in the soaked gelatin, sugar, fat, and flavoring. Cool until slightly thickened. Pour into molds and chill until well set.

Serve plain or with whipped topping.

Whipped cream makes most any dessert irresistible. But for those who must practice restraint in order to save the waistline, here is a dessert topping made with nonfat milk powder that is much lower in calories than whipped cream.

To make about 2 1/2 cups topping, use 1/2 cup water; 1 tablespoon lemon juice; 1/2 cup nonfat milk powder; 2 tablespoons sugar; 1/4 teaspoon vanilla.

Put water and lemon juice into a bowl and add the nonfat milk powder. Beat with a rotary beater until stiff. Beat in sugar and vanilla. Chill and use as you would whipped cream.

Betty D. Kerns To Become Bride Of Thomas Harbaugh

Miss Betty Dolores Kerns, daughter of Mr. and Mrs. T. A. Kerns, Paw Paw, W. Va., will become the bride of Thomas Edward Harbaugh, son of Mrs. Mary A. Harbaugh, 114 Bellevue Street, today. The wedding ceremony is to be solemnized at a nuptial mass at 9 o'clock in St. Patrick's Catholic Church with Rev. Arthur Bastress officiating. Candelabra of lighted tapers and bouquets of white flowers are being used in the altar decorations.

Miss Eulalia Harbaugh, sister of the bridegroom, will be the bride's maid of honor and only attendant, while Hugh Miller serves as Mr. Harbaugh's best man and John Harbaugh and Raymond O'Rourke are the ushers.

A program of nuptial music will be played by James Burns, as well as the traditional wedding march from the opera "Lohengrin," and Mendelssohn's recessional. He also will accompany William Burns singing, "On This Day O Beautiful Mother," "O Lord I Am Not Worthy," and "Ave Maria."

To be given in marriage by her father, the bride will wear a floor length gown of lace and tulle. It is fashioned with a lace bodice with cap sleeves, and scooped neckline trimmed in iridescent sequins and pearls. The skirt of tulle over taffeta has a chapel train. A lace cap, also trimmed with sequins and pearls, holds her fingertip-length veil of tulle. Completing her costume she will wear long white lace mitts and will carry a prayer book with white orchid marker and white satin streamers.

Her maid of honor's gown is of rose crepe and made complementary to the bride's with a scooped neckline, and full waltz length skirt with a large bow in the back. With it she will wear a rose headband covered with flowers and veiling and carry a cascade bouquet of shades of pink.

Mrs. Kerns has chosen a rose lace dress for her daughter's wedding. With it she will wear navy blue accessories and an orchid corsage. Mrs. Harbaugh has a rose taffeta dress with brown accessories and also will have an orchid corsage.

A graduate of Paw High School and of Catherman's Business School, the bride is employed on the staff of the Celanese Corporation of America Central Trucking Department.

The bridegroom is a graduate of LaSalle High School and is employed by the Times and Allegheny Company.

Following the ceremony a reception will be held at Minke's Cottage Inn for friends and relatives. Yellow roses, candelabra of lighted tapers, and a tiered cake adorned with a miniature bride and bridegroom will carry out the bridal motif.

For their wedding trip the bride has selected a summer brown tweed dress with white accessories and her orchid corsage. Upon their return Mr. Harbaugh and his bride will reside at 425 Franklin Street.

Mary Patterson Becomes Bride Of William Schenck

Miss Mary Joan Patterson, daughter of Rev. and Mrs. Winfield S. Patterson, Oakland, became the bride of William R. Schenck, son of Mr. and Mrs. Milton E. Schenck, Dunellen, N. J., June 16. The ceremony was solemnized by the bride's father in St. Paul's Methodist Church, Oakland.

Mrs. Joseph R. Patterson was her sister-in-law's matron of honor, and Miss Elsa Dannenberg, New York City, was bridesmaid. Mr. Schenck was his son's best man, while Edgar Van Benschoten and William Bock, Dunellen, were ushers. Preceding the ceremony Mrs. Jay L. Bell, Cresson, sang "I Love Thee," "Through the Years," and "The Lord's Prayer." At the close of the ceremony she sang "O Perfect Love." Mrs. Merritt Feather was organist.

Given in marriage by her uncle, Rev. William W. Patterson, LaVale, the bride wore a gown of imported white lace and ice blue nylon tulle, made with a fitted bodice, long sleeves and full skirt. Her tulle veil was attached to a tiny scalloped lace cap, which was outlined with seed pearls. She carried a cascade bouquet of white carnations and ragged robins.

Her attendants' gowns were of white embroidered eyelet material, fashioned on princess lines with scoop neckline, cap sleeves and nylon tulle, made with a fitted bodice, long sleeves and full skirt.

With them they wore short white gloves and large picture hats matching their slips. They carried baskets of spring flowers.

Mrs. Patterson's was over collared blue taffeta and Miss Dannenberg's, cornflower blue. The bride's mother wore a navy blue dress with pink and navy accessories. Her corsage was of pink roses. The bridegroom's mother wore powder blue lace with matching accessories and a corsage of white roses.

A reception was held in the church social rooms. After a wedding trip to Cape Cod, Mass., the couple will make their home in Westfield, N. J.

Among the out-of-town guests were Miss Carol Schenck, Mrs. Winifred Skinner, Edward Gay, Dunellen; Mr. and Mrs. C. E. Patterson, LaVale; Mrs. Ralph G. Brown, Mrs. P. E. Chamberlain, Miss Mary Ann Chamberlain; Mr. and Mrs. David Chigas Buchanan, W. Va., and Dr. and Mrs. Vernon C. Cutright, Romney, W. Va.

To make about 2 1/2 cups topping, use 1/2 cup water; 2 cups boiling water; 1/4 cup dry milk (whole or nonfat); 1/2 cups water or fluid milk; 1 tablespoon gelatin; 1/4 cup granulated sugar; 1/4 cup brown sugar, firmly packed; 2 tablespoons table salt; maple flavoring to taste.

Stir rice and salt in the 2 cups boiling water and simmer 1 hour, stirring as necessary to prevent sticking. Meanwhile, add milk powder to 1 cup of the water or fluid milk and beat until smooth.

Put water and lemon juice into a bowl and add the nonfat milk powder. Beat with a rotary beater until stiff. Beat in sugar and vanilla. Chill and use as you would whipped cream.

Turn your ordinary household tasks into beauty exercises. Not only your figure will benefit, but you will feel more relaxed and find that you tire less easily.

When you hang out clothes (they smell so clean and get so white in the sunshine and fresh air), stretch your arms some more and reach as high as possible. Stretching—that is one thing I swear by. It limbers you up, tones up your circulation, and does wonders for your midriff. I know a TV actress who keeps her lovely figure in shape by stretching exercises every day.

When you wipe up the kitchen or any table, don't walk around it. Lean across it instead, stretching one leg behind you, straight out and high. When wiping with the right hand stretch the left leg, and vice versa.

When dusting low furniture, keep your back straight and bend at the knees.

When climbing stairs, look up, hold your back straight, and pull in your stomach muscles. When standing at a work table preparing dinner, stand erect—conscious of your posture—head erect, shoulders back, chest up, stomach in, buttocks tucked in. Try when making a bed to bend at the waist, keeping your shoulders and back straight.

All day be conscious of your posture and the muscles you use as you move about. It will amaze you how much better you will look and feel.

Monday: No swing, no sway.
DO YOU MEASURE UP?

These easy-to-use tables show you how to calculate your ideal measurements from head to toe. They will make figure readjustments simple and accurate. For a copy of "Do You Measure Up?" send 10c (in coin) and a self-addressed, stamped envelope to "Secrets of Charm" in care of the newspaper.

Don't cry, little man, don't cry...

This unhappy little fellow is learning an important lesson — tears do not solve problems.

Life brings many difficulties to the average person, often heavy burdens of responsibility, grief, and pain that must be met without compromise.

But there is a wise solution for all of us if we fortify ourselves with qualities that will give courage, faith, and hope in the face of all trouble.

In hours of stress and anxiety, the Christian religion is a rock of refuge. In the Church you will find spiritual strength, guidance, and enduring comfort. Go to God's House and put your trust in Him.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Don't cry, little man, don't cry...

This unhappy little fellow is learning an important lesson — tears do not solve problems.

Life brings many difficulties to the average person, often heavy burdens of responsibility, grief, and pain that must be met without compromise.

But there is a wise solution for all of us if we fortify ourselves with qualities that will give courage, faith, and hope in the face of all trouble.

In hours of stress and anxiety, the Christian religion is a rock of refuge. In the Church you will find spiritual strength, guidance, and enduring comfort. Go to God's House and put your trust in Him.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs moral and material support. Plan to go to church regularly and read your Bible daily.

Young Adults To Hear Talk By Missionary

KEYSER — A special program will be presented Tuesday evening at 8 o'clock, when the Potomac-Sub-District Young Adult Organization meets in Rees' Chapel, at New Creek, when William R. Harvey Jr., director of the Kapanga Mission School, Belgian Congo, will be a guest speaker. The visitor will present an interesting set of color slides on the Belgian Congo, and will give an account of that part of the world. The slides will present an excellent opportunity to learn of mission work now going on in the Congo.

The slides give a realistic view of the mission school work, the churches there, the leper villages, wild animal game hunts, and other scenes.

The visiting speaker graduated from Western Maryland College, Westminster, Md., (summa cum laude) class of 1954. He has been awarded three-year scholarships at both Drew and Emory seminaries. He will remain in the mission field until August, 1957, after which he plans to return home to complete his ministry training.

Mrs. William R. Harvey, Barton, will present the slides and give an informative talk of her son's missionary work.

Leatherman Receives Suspended Sentence

KEYSER—William Leatherman, indicted by the Mineral county circuit court grand jury last week for stealing a 1946 automobile valued at \$200 from Ernest Ward, was given a suspended sentence by Judge Ernest A. See in Keyser Monday.

Leatherman, who pleaded guilty to the indictment, was sentenced to six months in jail and then the sentence was suspended. He must be of good behavior for three years, refrain from drinking and pay damages and court costs. Attorney Joseph Blundon represented Leatherman.

WASHINGTON, Aug. 3 (AP)—President Eisenhower today killed a bill which would have relieved Elkins, W. Va. of all liability to repay a \$75,000 loan plus unpaid interest which amounted to \$22,400 last May 1.

In a memorandum of disapproval, the President said:

"The bill would set a precedent which could be used by many other communities to urge cancellation of their obligations held by the federal government."

Eisenhower also said the measure "would give special treatment to a single community and thereby discriminate against other communities which built airports during World War II with federal assistance."

Reviewing provisions of the measure, Eisenhower said it would relieve Elkins of liability to repay a \$75,000 loan plus interest, which it received from the Reconstruction Finance Corp.

The President said that under a World War II program, the federal government undertook to build airports for communities providing the land.

In July, 1943, he said, Elkins agreed with the Civil Aeronautics Administration to furnish land for an airport.

"The United States government agreed to pay the cost of constructing the airport," the President said.

Elkins then applied to the RFC and was granted a \$75,000 loan.

In turn the city issued revenue bonds. The city has made no payment on principal and now is in default on bonds aggregating \$24,000. Some interest payments have been made but the accrued and unpaid interest as of May 1, 1956, was said to amount to \$22,400.

Eisenhower said that through the Civil Aeronautics Administration the government has spent more than one million dollars on the airport.

RESIGNS — Durwood Deffenbaugh, has resigned as an Industrial Arts teacher at Valley High School and has accepted a similar position at Fairfax, Va. He and his wife, the former Miss Helen Bell, Lonaconing, plan to move to Fairfax next month. Deffenbaugh is a graduate of Fairmont State College, and was appointed to teach at Valley July 1, 1954.

ROMNEY—Although faced with the adverse conditions that have been disturbing agriculture in general, farmers in Hampshire County ended up the past year relatively strong. They had more to show for their labors than did farmers in most sections of the South Atlantic States.

Such is the evidence contained in a study of farm incomes throughout the country, presented by Standard Rate and Data Service in its current issue.

Hampshire County, it shows, had a gross farm income in the year of \$5,301,000.

Related to the local farm population, placed at 5,700 as of the beginning of 1956, this income amounted to \$930 for each man, woman and child living on the land. It was a greater return than

the gross farm income for the county, broken down to its chief components, shows livestock income of \$2,644,000 and income from crops, \$2,149,000. The plight of the farmer, faced with reduced prices and higher costs, has become one of major concern to the entire nation.

JAM packed with a program of fun and entertainment, the Bedford Fair will offer something for each member of the family. There will be two Children's Days, Tuesday and Friday, with all school children admitted free and special prizes both days, including a Junior Corvette and bicycles.

Harness racing, always a major attraction, is featured on Tuesday, Thursday and Friday afternoons, and big car auto races are scheduled Saturday afternoon with time trials at 1 o'clock and 6 big feature events.

Join Chitwood's world-famous original daredevil show will open the fair with a one-night performance Monday night. Then, the new version of GAC-Hamid's Grand-stand Revue, beginning its circuit of the big fairs, will present the colorful "Honeymoon" with Melvin Blankley and the Broadway Rockettes chorus, each night Tuesday through Saturday. Fireworks will conclude the show Tuesday through Friday.

Both day and night, an array of fine circus and vaudeville acts will perform on the big new fair stage. Heading the cast will be the celebrated Wazzan Troupe, direct from New York's Latin Quarter. Other acts include Texas Tommy and his Eskimo dogs (seen on Ed Sullivan's Show recently) and the Vessels, who also were featured by Ed Sullivan, in aerial and perch thrill rides. The Briants, a skillful comedy team, and Davey Crockett III complete the list.

Special events include the annual Horse Show Tuesday, Band Day and the State Police Rodeo Wednesday afternoon, Horseshoe Pitching contest Thursday, the 4-H tractor contest Friday, together with sale of Baby Beef; and the Cavalcade of winning livestock, also Friday.

At the conclusion of the grandstand show Saturday night, the handsome Chevrolet Corvette sports car, worth \$4,000, will be awarded to some fairgoer present.

Each gate and grandstand admission ticket during the week carries with it an opportunity to win these special prizes.

Prall's Broadway Shows offer a mile-long midway of rides and shows.

Health Dept. Says Buildings Are Hazardous

The Allegany County Board of Commissioners was notified yesterday by Dr. Winter R. Frantz, county health officer, that a number of buildings in Frostburg have been inspected and found to be health and fire hazards.

Dr. Frantz said the Mayor and Council of Frostburg has also been notified of the inspections. The health officer said the inspection was made under the housing hygiene regulations of the Health Department.

Owners of the properties have been notified that the conditions found should be eliminated or else the structures will be condemned and ordered torn down.

The properties listed were 80 and 82 East Main Street, owned by John Geis; an old woodworking building on Bowery Street, owned by Charles Jeffries and 47, 49, 51 and 53 First Street, owned by Mrs. Jennie Arnone.

The bid of the McIntyre Chevrolet Motor Company to furnish a 1956 Chevrolet for use by the sheriff's office was accepted. The net cost to the county for the V-8 two-door sedan will be \$200. Next lowest bidder on a V-8 car was the St. George Motor Company which offered a Ford sedan for a net cost of \$281.40 to the county. A 1955 Mercury car was traded in by the county. The bids were tabulated by Gorman E. Getty, attorney to the board.

The State Roads Commission notified the commissioners that during June a total of \$36,600.23 in gasoline tax monies was credited to Allegany County. Of this sum, \$8,775.52 will be allocated to the various county towns. The county's actual share will be \$26,359.02.

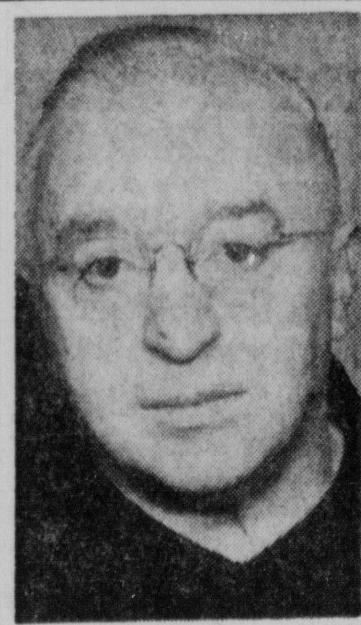

The board awarded two small repair jobs to Johnson and Goss, local contractors, on their estimates. The firm offered to repair a stairway, floor joists damaged by water seepage and point up brick work on the corners of the bedrooms of the county home at a cost of \$266.

A new roof will be placed on the residence of Earl Grim, superintendent of the county home and infirmary, for \$389. Some of this expense is covered by insurance as the roof was damaged in a recent storm.

Equity Suits Filed

Two equity suits were filed yesterday in Allegany County Circuit Court. The bills of complaint were titled Gerald K. Cummings vs. Marian A. Cummings and James W. McDonald vs. Shirley L. McDonald.

NEW PRIESTS HERE — The two new priests who were recently assigned to the Capuchin community at SS. Peter and Paul Monastery are shown above. At left is Rev. Sylvan Fondriest, who succeeded Rev. Gabriel Giles as assistant pastor of SS. Peter and Paul parish, and at right is Rev. Kilian Krings, who succeeds Rev. Jude Senieur as superior of the monastery. Both priests previously have been stationed at the monastery. Father Kilian having served his novitiate here in 1943-44, and Father Sylvan studied theology here in 1929-30 when the Capuchin school was located in the monastery. The latter comes here from Charleston, W. Va., where he was chaplain at St. Francis Hospital. Father Kilian previously had been stationed in Puerto Rico where he had been an assistant pastor and seminary professor.

The Circus: Forlorn End

By JOHN CROSBY

As a bit of public relations, Ed Sullivan's hurried grab of 11 top circus acts for his show last Sunday was a shrewd one. Ringling Brothers, Barnum & Bailey had just collapsed for the last time, at least the last time as we know it, and the circus was all over the front pages. The publicity didn't do Sullivan's rating any harm.

But let's face it, it was a forlorn exhibition that faced the cameras and the final parade—a few elephants, a few spangles, a few clowns—was a little sad and anti-climactic and half-hearted.

I don't know what a circus has—or had—to make it so universally appealing, not only to all ages but to all nationalities, but I suspect one of its great charms was simple size. The symbol of the circus has always been an elephant and it's big. Everything about a circus was big. The tents, the crowds, the parades and—above all—the number of things you could watch.

At the Ringling Brothers show, apart from a few top acts, there were always a half a dozen things going on at once and, when you tired of one, you could watch another. That's the essence of the circus—a lot of sights and sounds and smells all at once. But, of course, television can't do that. You get a single picture and you get it up close. Pinito del Oro, the Spanish girl, who always makes me decidedly nervous when she's standing on her head on a trapeze bar 50 feet up in Madison Square Garden, doesn't affect me that way at all on a small screen in my own living room.

As circus acts go, all the acts Sullivan assembled were very good ones. The Cordon did their whip act, the man tearing a newspaper into small shreds in the girl's hand. Miss Mara hung by her feet and then by her head. Tito jumped about on a bar on his head. The two Marlies spun plates. The Al de Gong chimpanzees waltzed together. The Adnos juggled. And, while they're all good acts,

It makes one think. I cannot imagine myself falling asleep at a circus at that age. But then our experiences are entirely different. When I was nine years old, not only the circus but all forms of entertainment were terribly rare treats. You went to the circus once a year—if that often. During the rest of the year, I was taken to a play or a musical, if they were considered suitable for children, or to see Thurston, the magician. That just about wrapped up my entertainment for the year. He fell asleep.

When I was nine years old, not only the circus but all forms of entertainment were terribly rare treats. You went to the circus once a year—if that often. During the rest of the year, I was taken to a play or a musical, if they were considered suitable for children, or to see Thurston, the magician. That just about wrapped up my entertainment for the year.

Michael, on the other hand, has probably already seen more man hours of entertainment of various sorts than I witnessed in my first 30 years. Right there, I think, is the clue to why circuses are fading their tents all over the country. It's not just the lack of air conditioning and the labor trouble. It's the competition.

I feel sorry for the circus and especially for its performers. It takes many years of painstaking effort to learn how to slide down a wire backwards and, if it puts a child to sleep, where do you go from there? But I feel sorry for the children. What are they going to do for thrills when they're say, 11 years old? They've seen everything.

Morgan also said the firm is connected with a national sales organization which will assure sales for Artmor building products, packagings, and any new items the firm may develop.

He urged that the Civitans and other local organizations study the local industrial picture in order to find out what can be done to encourage new industries to organize or to locate in the Cumberland area.

Calling All Drivers To Exercise Care

Those who drive motor cars and have concern for their own lives and the lives of others must have been giving some thought to the increase in the number of traffic fatalities.

At the present rate 40,000 persons will die from such accidents in the nation this year. While the American people are spending millions to combat polio, cancer and other diseases, they continue to leave a trail of dead and dying human beings on their streets and highways.

This situation continues to exist in spite of the best efforts of safety directors, police and highway officials to instruct motorists in the fundamentals of safe driving. Unfit cars are a contributing factor, and a certain number of drivers drive carelessly and thoughtlessly, but the real cause of the high fatality list is speed. Some of the most skillful drivers have that failing.

Speeds of 60, 70 and 80 miles an hour are too commonly practiced. Investigating officers have discovered that speed is responsible for a majority of fatal accidents.

Those who drive motor cars and want to do their part in stopping this carnage can do two things: They can see that their car is in safe operating condition, and they can drive conservatively. The time that is gained by speeding could easily be offset by a much longer period in a hospital bed. And every driver should constantly remember that he may be one of the 40,000 who will die this year.

Aid Without Meaning

The Hindustan Times of India made this point:

"The reason why neutral nations accept Soviet aid is that they need it to speed their development projects. U. S. aid is extended more in terms of military than economic aid, and if economic aid earmarked for neutral nations falls far below their requirements, it would be preposterous on the part of Nixon or other U. S. leaders to maintain that they should not accept Soviet aid in addition.

"Surely not even Nixon would go to the extent of saying that all aid, any aid, would have strings attached, for that would imply that U. S. aid itself is not above question; but when he maintains that Soviet aid alone should be spurned on this score, neutral nations that stand to benefit by it must claim to be the best judge of their own interests."

Accepting this line of argument as a premise, the question arises: Why should the United States expend more than \$4,000,000,000 this year on aid to foreign countries, some of which will go to India? For what reason should American citizens be taxed exorbitantly so that our government can aid India? What precisely is meant by "strings attached?" Do these countries want our money unconditionally? Would they want us to give them aid even to use against us?

If neutral nations wish to accept Soviet aid, why should the United States not agree to let Soviet Russia bankrupt itself aiding these countries? Precisely what difference will it actually make to the people of the United States whether we give aid to India or not? Do these people of India really believe that they are doing us a favor by accepting our aid?

I have never seen any answers to these questions which stand up under examination except the emotional one that millions of people of India are in distress, that India is a pesthole, and that we ought to do something about it. Why not let Soviet Russia do something about it? We have done enough for backward peoples and for pestholes.

My guess is that if the United States goes out of the eleemosynary business, so will Soviet Russia. Khrushchev entered upon his aid campaign as part of his program of competing with the United States but his competition has only stimulated the weak and backward peoples to blackmail both sides, as Nasser has tried to do, fortunately with less success than was anticipated. His ante was too high and his bluff was called. Nehru is more diplomatic, more Machiavellian. He sings in a minor key and the American do-gooders fall all over themselves for a chance to lick his boots. Of the two men, Nasser seems the more forthright.

A columnist in the People's Daily of Peking makes the point:

"With the easing of international tension and the defeat of the U. S. policy of strength, the impact of neutrality has become increasingly greater. Even in the Asian countries included in U. S. military blocs, the sentiment of neutrality is growing steadily."

Nixon's attacks and slanders on neutrality, China, and the Soviet Union were intended to a great extent as a threat to the countries he visited. They were also designed to sow discord between them and other Asian countries. In choosing Karachi as a platform to assail Nehru, Nixon apparently intended to estrange India and Pakistan to the advantage of the United States."

What utter nonsense! Pakistan and India have been estranged since partition and possibly before. That is why there is partition.

If the sentiment for neutrality is growing in Asia, then it is clear that we shall not purchase friendship on that continent any more than we purchased friendship in Europe, or in Iceland or anywhere. Friendship is not purchasable by money and those who said so when the Marshall Plan was proposed have been proved correct by the course of events.

Then why not keep our money at home and reduce taxes? If countries choose to be neutral, then that is strictly up to those countries and they can enjoy themselves to their hearts' content. Why should we bother?

However, it is impossible for the United States not to note that neutrality is also a Soviet policy, their theory being that those countries which are not for the United States are definitely for Soviet Russia.

Big Political Fact Facing GOP Is Danger Of Split

By David Lawrence

WASHINGTON—Today the biggest political fact facing the Republican party in its 1956 campaign is that, under the guise of helping Eisenhower, there is a faction which is determined to force a split in the party.

The move to "Get Nixon" and keep him from being re-nominated for vice president is out in the open and President Eisenhower himself has been caught in its meshes. For no president can be in the position of publicly dictating who shall be second man on the ticket with him. Hence, a dozen press conferences cannot put an end to the intraparty conflict that Harold Stassen has initiated.

Free Field For Trouble

Realizing this restriction, which every president must impose on himself just before a convention that is to re-nominate him, the anti-Nixon faction has a free field to make trouble for Mr. Eisenhower and endanger his chances of re-election. For the next two weeks, therefore, a member of the President's own official family "on leave of absence" will be giving aid and comfort to the Democrats by stimulating a disparaging campaign about the vice president in the face of the fact that Mr. Eisenhower himself speaks highly of the same individual. The Democrats naturally will take advantage of the split personality in the Republican party's leadership.

Close To Endorsement

This comes as near an expression of preference or endorsement as a president could make in advance of action by the convention itself, especially since in the same

press conference Mr. Eisenhower specifically refused to answer a direct question as to whether he would be happy to have Governor Herter on the ticket with him. The only name on which Mr. Eisenhower did express himself favorably was that of the present vice president.

But it is possible for the anti-Nixon people—and Mr. Stassen immediately took advantage of the opening—to construe the President's remarks as falling short of a 100 per cent endorsement of and demand for the re-nomination of Mr. Nixon. This means the fight will go on. It means that more and more Republicans will be fighting one another. It means more factional bitterness and a good chance that, if the row goes the limit and by some mix-up in the signals from the White House Nixon is not named, the Republican party will face defeat at the polls.

For, while Mr. Stassen talks of a "six per cent stronger" ticket with Mr. Herter on it, there is the other side of the coin. It will be a 20 per cent weaker Republican

ticket with Mr. Nixon removed from it. It is not a personal affair in any sense. Mr. Nixon has become the symbol of the anti-Communist feeling in the Republican party which can, if pushed to extremes, persuade many Republicans to stay at home and forfeit the election. For there are many regular Republicans who believe that, if a "left-wing" group is to dominate any political party in America, it is much better to have such domination on the Democratic side, where it can be fought by a strong Republican anti-Communist force, than to maintain a perennial struggle inside the Republican party against the "left-wing" infiltration.

Primarily Left-Wing Smear

The fight against Nixon has been a smear campaign from the start. It comes primarily from the "left-wing" and also from many of the groups which have been protesting against the efforts in Washington to get rid of Communists in Government. As Senator Mundt of South Dakota, Republican, expressed it, the "Americans for Democratic Action" which masterminded the Stevenson campaign in 1952, is behind the anti-Nixon movement and is trying to dictate to the Republicans that they must get rid of Nixon. Mr. Mundt says it's probably because the ADA fears him most.

At present writing, most of the Republican delegates probably believe the President wants Mr. Nixon re-nominated. If the President, by so much as a nod to someone else or a phrase dropped carelessly in a press conference indicates some other preference, Mr. Stassen will be quick to cry out that this isn't dictated to the delegates but inspired advice in a "great cause." The chances are that the President will not say anything that will widen the split in his own party. Mr. Stassen will do that job, and Mr. Eisenhower will be helpless publicly to stop it.

You're Telling Me!

By William Ritt

A fight started in a French restaurant when a customer brought a pet panther into the place. The news story said "fight"—however, "flight" sounds more

that the department of national defense sponsors dancing lessons for army ordnance corps cadets. What's wrong with that—a soldier's supposed to be able to move fast on his feet at all times, isn't he?

The Russian Soviet Republic of Georgia claims 10,000 of its citizens are more than 100 years old. That's not a republic, or even a province—that's just a king-sized old folks' home!

This, of course, is the sheerest bunkum and Harold Stassen knows

The Mexican cocomistie, says a nature item, is half-cat, half-rat. Must go around hating itself.

F.E.F. postcards that while none of his pals are postmen, he's noticed more and more of 'em are developing male pouches.

In Canada a critic points out

that the chances are that the President will not say anything that will widen the split in his own party. Mr. Stassen will do that job, and Mr. Eisenhower will be helpless publicly to stop it.

New Treatment Is Effective In Lead Poisoning

By Dr. Theodore R. Van Dellen

Lead poisoning in children is not as common as it was 25 years ago. Much credit for this improvement goes to the manufacturers of toys and plastic materials who use paint made with non toxic colors.

At present the majority of cases of lead poisoning among toddlers stem from unusual practices. In homes where discarded battery basins are burned for fuel the fumes escape into the room and are inhaled.

Another chief cause is pica, the abnormal appetite some youngsters develop. During the first three years of life the tyke often picks up and eats anything he sees including plaster, gravel, coal, dirt, cloth, hair, and bits of wood. Flecks of paint that have fallen

corporates metal into its bile and sends it back to the intestine. Some is excreted but most of it is reabsorbed and returned to the liver. This process is repeated four or five times.

Lead is absorbed through the respiratory passageways as well as from the intestinal tract. It gets into the blood and ultimately settles in the bone. The handling of the metal by the liver demonstrates the way the body protects itself against poisons of this nature.

Lead that is absorbed from the intestinal wall, for example, enters the blood and is filtered out by the liver. The liver in turn in-

Poisoning is suspected in children whenever they develop an unaccountable anemia, neuritis, vomiting, cramps (colic), or constipation. Symptoms depend upon the quantity absorbed and the age of the child.

The new treatment—disodium calcium ethylenediamine tetraacetate (EDTA) is effective. In some instances the preparation has provided lifesaving.

ARTHritic NECK

L. W. writes: Could arthritis of the spine cause a stiff neck?

REPLY

Yes. In many instances, arthritic changes stem from an accident to the neck suffered many years previously. An acute attack of stiffness of the neck usually is due to inflammation of the muscles and fascia surrounding the vertebrae.

STIMULANTS AND COLITIS

Mrs. J. S. writes: I suffer from colitis more severely at times than others. I am careful of what I eat. Would coffee, tea, and smoking have a bad effect?

REPLY

Yes, chiefly through stimulation of the nerves responsible for cramping.

Try And Stop Me!

By Bennett Cerf

John Mason Brown is one of the nation's most talented and successful lecturers today, but when he was first breaking into the game he experienced the usual difficulties. In one hall, where miserable acoustics added to his troubles, people started slipping out long before he was finished. Only a handful was left when an attendant slipped him a note marked "urgent."

Brown paused in his peroration to head it. "If you ever finish," it said, "please turn out the lights, lock the door, and leave the key with the cop on the corner."

TV star Mike Wallace cherishes a reply he got from one quiz program he encountered, "If it was a poor family, I'd return it!"

her, "if you found a million dollars in cash lying on the sidewalk?"

She pondered momentarily, then answered, "If it was a poor family, I'd return it!"

Congressmen Still Trying To Learn What Did, Didn't Pass In Last Days

By Drew Pearson

Ellis Island, Governors Island and the Statue of Liberty in the middle of New York Harbor. He represents no voters in Pennsylvania, New Jersey, or the Philippines. But he picked up the General Public Utilities ball and made an end run. On July 2 he sneaked the ball across the goal line by getting the House to pass a bill, despite SEC protests, permitting the New Jersey company to keep its Manila Electric Company.

This is the time when sneak end runs are attempted when nobody's watching; and it takes time, after Congress adjourns, to see how many have scored touchdowns.

Here are some of the touch-downs, and some of the end runs that failed:

Touchdown for Klein and Duff: For 16 years the General Public Utilities Corporation, which owns Jersey Central Power and Light, Metropolitan Edison of Pennsylvania, New Jersey Power and Light, and Northern Penn Power, has been trying to duck an order to sell its subsidiary, the Manila Electric Company in the Philippines. Under the Holding Corporation Act, the Securities and Exchange Commission ordered it to sell. But Pearl Harbor came, the Japs occupied the Philippines, the SEC order was ignored.

In 1951, the SEC renewed its order to sell. But for five years General Public Utilities thumbed its nose at the commission. While operating its plants in New Jersey and Pennsylvania, it continued to hang on to its power plant in distant Manila.

Finally Congressman Arthur Klein, New York Democrat, came to the rescue. Klein represents East Side Manhattan, the Bowery,

Washington

—Strange things happen as the complex and cumbersome gears of Congress grind to a frantic halt. Quirks are pushed across as the congressmen, determined to go home, sweat, trade, and vote on the laws which the rest of the nation must abide by for years to come.

Cumberland Is Eliminated From State Legion Tourney

Sharpstown And Glenmar Beat Locals

Scores Are 6-2, 5-4; Frederick Tossers Also Beaten Twice

Fort Cumberland Post No. 13, Mountain District's representative, was eliminated from the Maryland Department American Legion junior baseball tournament yesterday when it dropped two games, the first to Glenmar Post of Baltimore county in the morning at College Park, 5-4, and the second to Sharpstown in the afternoon at Taft Field, Washington, D. C., by the score of 6-2.

Cumberland's conquerors both won two games on the opening day of the three-day double elimination tourney. Before winning the Allegany county nine in the afternoon, Dor-Wic Post 218 of Sharpstown downed Francis Scott Key Post 11 of Frederick by the score of 4-3. Glenmar Post No. 207 scored its second win of the day over Westport Post 33 of Baltimore, 6-0.

Frederick Eliminated

In other games, Maryland My Maryland Post 126, Seat Pleasant, lost to Westport, 3-2, but came back to eliminate Frederick, 11-5.

Glenmar and Sharpstown will meet Saturday morning and Westport and Seat Pleasant, with one defeat each, will face off in a game that will result in elimination. Tournament finals will be played Sunday at College Park.

Paye Loses Pair

Bob Paye, who started on the mound for Cumberland in the opening game and lasted only 2½ innings, was charged with the loss. Jesse Markley came on in the third and pitched two-hit ball the remainder of the contest. Ronnie Winters started the second contest but developed a sore arm and retired in the fifth with the score knotted at 2-2. Paye relieved Winters also was tagged with the loss in the nightcap when Sharpstown scored the deciding tally in the seventh and added three more markers in the ninth frame.

Woods scattered nine hits in the opener, three of which were credited to Ronnie Bruce, Williams and Griffith, of Glenmar, limited Cumberland to five hits in the second contest, one being a double by Paul Sheehan who banged a triple in the initial tilt. Box scores:

Curt Simmons Beats Redlegs

Phillies Rack Up 6 To 3 Triumph

PHILADELPHIA, Aug. 3 (AP)—Lefty Curt Simmons took another big step along the comeback trail tonight as he set down the pennant-conscious Cincinnati Redlegs before 28,607 at Connie Mack Stadium. Six hits, including a two-run triple by Willie Jones in a four-run third inning, paved the way for a 6-3 triumph by the Philadelphia Phillies.

Simmons offered more solid proof that he has recovered from his sore-arm troubles as he captured his fifth straight victory and sixth of his last seven starts. The one-time bonus southpaw now is 8-6 on the season. Simmons allowed 10 hits and had a shutout until an error opened the door for the hill.

Burns Fans 16, Bags 6th Win

B'nai B'rith Tops Times-News, 5-0

Larry Burns came up with another gilt-edge pitching performance as he blanked the Times-News yesterday to give B'nai B'rith a 5-0 decision in a Hot Stove Baseball League game at Fort Hill Field.

Burns held the Newsies to three hits, struck out sixteen batters to up his season total to 84 and bagged his sixth victory of the campaign without a defeat. He whiffed the side in the third, fourth, fifth and seventh innings.

Weltman, Times-News twirler, gave up six hits and fanned 13.

Bernard Barbe obtained a triple and double and George Cousins had two singles for B'nai B'rith which now owns an 8-7 record and tied with the Kiwanis Club for fifth place.

A pair of doubleheaders is on tap for Sunday. At Fort Hill Field, the Jaycees will meet the Exchange Club at 2 p. m., and the Lions will tackle the Optimists at 4 p. m. In the 2 o'clock opener at Stichter Field, the Kiwanis Club will tackle the Times-News while at 4 B'nai B'rith will tangle with the Rotary Club.

Vic Reynolds will officiate at Penn Avenue and Glenn Zimmerman will do the umpiring at Stichter Field. Yesterday's score:

Evans Wins Shoot

CAMDEN, N.J., Aug. 3 (AP)—L. W. Evans, Syracuse, N.Y., won class AA honors today in the Eastern Zone Trapshooting Championships held over the Pine Valley Gun Club. Evans broke 198 out of 200 single 16-yard targets, nicking his last 100 targets without a miss.

The Class C title went to Carroll Kinsey, Thurmont, Md.

FREDERICK, Md., Aug. 3 (AP)—Frederick gave Frederick a 2-1 victory over South Harford today for the Maryland Babe Ruth League baseball championship.

Referee Matt Conn and Judge Frank Fullam voted 7-3 for Giambra and Judge Johnny Rizzo concurred at 5-4-1.

Also Beaten Twice

Fort Cumberland Post No. 13, Mountain District's representative, was eliminated from the Maryland Department American Legion junior baseball tournament yesterday when it dropped two games, the first to Glenmar Post of Baltimore county in the morning at College Park, 5-4, and the second to Sharpstown in the afternoon at Taft Field, Washington, D. C., by the score of 6-2.

Cumberland's conquerors both won two games on the opening day of the three-day double elimination tourney. Before winning the Allegany county nine in the afternoon, Dor-Wic Post 218 of Sharpsburg downed Francis Scott Key Post 11 of Frederick by the score of 4-3. Glenmar Post No. 207 scored its second win of the day over Westport Post 33 of Baltimore, 6-6.

Frederick Eliminated

In other games, Maryland My Maryland Post 126, Seat Pleasant, lost to Westport, 3-2, but came back to eliminate Frederick, 11-5.

Glenmar and Sharpstown will meet Saturday morning and Westport and Seat Pleasant, with one defeat each, will face off in a game that will result in elimination. Tournament finals will be played Sunday at College Park.

Paye Loses Pair

Bob Paye, who started on the mound for Cumberland in the opening game and lasted only 2½ innings, was charged with the loss. Jesse Markley came on in the third and pitched a two-hit ball the remainder of the contest. Ronnie Winters started the second contest but developed a sore arm and retired in the fifth with the score knotted at 2-2. Paye relieved Winters also was tagged with the loss in the nightcap when Sharpstown scored the deciding tally in the seventh and added three more markers in the ninth frame.

Woods scattered nine hits in the opener, three of which were credited to Ronnie Bruce, Williams and Griffith, of Glenmar, limited Cumberland to five hits in the second contest, one being a double by Paul Sheehan who banged a triple in the initial tilt. Box scores:

BURNS Fans 16, Bags 6th Win

B'nai B'rith Tops Times-News, 5-0

Larry Burns came up with another gilt-edge pitching performance as he blanked the Times-News yesterday to give B'nai B'rith a 5-0 decision in a Hot Stove Baseball League game at Fort Hill Field.

Burns held the Newsies to three hits, struck out sixteen batsmen to his season total to 34 and bagged his sixth victory of the campaign without a defeat. He whiffed the side in the third, fourth, fifth and seventh innings.

Weltman, Times-News twirler, gave up six hits and fanned 13.

Bernard Barbe obtained a triple and double and George Cousins had two singles for B'nai B'rith which now owns an 8-7 record and is tied with the Kiwanis Club for fifth place.

A pair of doubleheaders is on tap for Sunday. At Fort Hill Field, the Jaycees will meet the Exchange Club at 2 p.m., and the Lions will tackle the Optimists at 4 p.m. In the 2 o'clock opener at Stitzer Field, the Kiwanis Club will tackle the Times-News while at 4 B'nai B'rith will tangle with the Rotary Club.

Mandot was known as "Baker Boy" and was the most popular fighter in New Orleans history. He put up great battles with Benny Leonard, Al Wolgast, Freddie Welsh, Willie Ritchie and other topnotchers prior to World War I.

LARRY SHANER of Frostburg, president of the Allegany County Ten Pin League, says the series of weekly telecasts on "Championship Bowling," which features the country's top ten pin artists, is the greatest shot in the arm the sport has ever received.

A majority of the matches have been keenly contested and a perfect "300" score has been included in the series.

CAMDEN, N.J., Aug. 3 (AP)—L. W. Evans, Syracuse, N.Y., won class AA honors today in the Eastern Zone Trapshtooting Championships held over the Pine Valley Gun Club. Evans broke 198 of 200 single 16-yard targets, nipping his last 100 targets without a miss.

The Class C title went to Carroll Kinsey, Thurmont, Md.

Frederick Wins, 2-1

FREDERICK, Md., Aug. 3 (AP)—A two-run homer by Dick Gastley gave Frederick a 2-1 victory over South Harbor today for the Maryland Babe Ruth League baseball championship.

Curt Simmons Beats Redlegs

Phillies Rack Up 6 To 3 Triumph

THIS will be Bill Hahn's 19th year as a football coach. The Greenway Avenue perfectionist launched his career as grid mentor at Piedmont High in 1935 and spent three years at the Mineral County school. In 1938 and 1939 he was at Spencer (W.Va.) High and in 1940 and 1941 at Ridgeley High.

Simmons offered more solid proof that he has recovered from his sore-arm troubles as he captured his fifth straight victory and sixth of his last seven starts. The one-time bonus southpaw now is 8-6 on the season. Simmons allowed 10 hits and had a shutout until an error opened the door for a 6-3 triumph by the Philadelphia Phillies.

He came to Fort Hill in 1942, served in the Navy for three years and returned as Sentinels' mentor in 1945. This is his 12th season as head man on the hill.

Bill, incidentally, started his coaching career before any of the boys on his squad this year were born. That probably makes him a grandfather.

The Tiger bench then began giving Rommel a hard time and the umpire, after hearing one particularly juicy remark directed his way wheeled and shouted:

"Get out of here, Belardi!"

He meant Wayne Belardi but Wayne was not present.

Imagine Rommel's embarrassment when he was advised by a Tiger player that Belardi had pinch-hit a couple of innings before and was in the clubhouse taking a shower!

FOURTY years ago it was a popular custom for youngsters to collect photographs of famous boxers and major league ballplayers of that era from cigarette packages.

As a youngster we owned quite a collection and we worked them into wall plaques of plaster of paris.

One of the popular fighters of that day we recall was Joe Mandot, a French lightweight, who fought five champions and whose picture was in our gallery.

A news item the other day disclosed a badly decomposed body was found floating in a bayou near New Orleans and was identified as that of Joe Mandot.

Swango, Bonus Baby, Quits Minor Team

MCALISTER, Okla., Aug. 3 (UPI) — Bruce Swango, a \$36,000 bonus pitcher signed by the Baltimore Orioles and later released, quit the McAlester Rockets of the Class D Sooner State League today.

The first sports car hill climb was staged at Breakneck last year as a regional affair but tomorrow's program will be recognized as a national event.

Proceeds from the climb will go for the benefit of the Flintstone Volunteer Fire Department, co-sponsors of the event with the Sports Car Club of America.

Trials Set Today

Trials will be conducted today.

Auxiliary police from Cumberland will assist with parking and safety, the Corriganville Volunteer Fire Company will have its ambulance on the scene and also will station volunteer firemen every 300 yards along the course with carbon dioxide fire extinguishers in case they are needed, the local Red Cross will set up a first aid station and a civilian defense rescue team will be on volunteer duty.

The first run will be held from 11 a. m. to 1 p. m., and following a break for lunch the second run will be staged from 2 to 5 p. m. At the conclusion of the event approximately 43 trophies will be presented to the participants.

Potomac Valley, Burkely's Win In County Circuit

Potomac Valley's Old Germans, pennant winners in the County Softball League, scored their 19th victory in 22 starts yesterday, walloping Melody Manor to the tune of 15-1.

Brelsford notched his 18th win of the season, holding the opposition to two hits. Johnny Price slumped three 2-baggers. Paul Lease slapped a triple and two singles and Brelsford and Don Basilio hit triples.

Burkely's trounced Corriganville on the latter's field by the score of 10-0.

Stair held the home team to three hits while Carl May paced the winners at the plate with a triple and single and "Hap" Kennell and Browning had two singles each.

Teams still may not schedule Sunday night games but the new ruling will allow second games to start after 6 p. m. and to be played under lights.

Pvt. Willie J. Williams Sets 100-Meter Record

Time 10.1 Seconds, Beats Owens' Mark

BERLIN, Aug. 3 (UPI) — Pvt. Willie J. Williams, 24-year-old former University of Illinois sprinter, today bettered the world's record for the 100-meter dash at an international military track meet in Hitler-built Olympic Stadium.

Williams ran the distance in 10.1 seconds, clipping one-tenth of a second off the mark first set by Jesse Owens of Ohio State at Chicago June 20, 1936.

Richardson And Seixas Cop Matches

Defeat Mexico, 2-0, In Davis Cup Prelim

RYE, N.Y., Aug. 3 (UPI) — Davis Cup veterans Vic Seixas and Hamilton Richardson swept to almost identical straight-set victories today to send the United States into a 2-0 lead over Mexico in the American zone tennis final. Seixas, a peppy, 32-year-old Philadelphia man who seems to thrive with age, chopped down Mario Llamas, Mexico's No. 1 player, in the opening match at the Westchester Country Club, 64, 62, 64. Then Richardson, his 22-year-old teammate from Westfield, N.J., polished off young Francisco Contreras, 63, 64, 64.

This put the Yanks in a position to clinch the zone title in the doubles tomorrow when the two junior members of the American team, Sam Giannella, 22, of Houston, and Barry MacKay, 20, of Dayton, Ohio, go against Llamas and Contreras.

The final two singles are scheduled for Sunday and become more formal in case of a United States doubles victory. Giannella and MacKay also are likely to be substituted for the last day singles.

The winner of the American zone will play Italy's European champions at Forest Hills, N.Y., Sept. 28-30.

The U.S. doubleheader triumph was not unexpected, but the sparkling play of both Seixas and Richardson, although against underdog opponents, was cause for some elation in the normally pessimistic U.S. Davis Cup camp.

"I have never seen Seixas play better," said Bill Talbert, the U.S. captain. "And Richardson is much improved, with a more dependable service and better forehand."

Dr. Ricardo Tapia, the little, graying captain of the Mexican forces, was not discouraged over the first day's developments.

"The scores do not indicate how well my boys played," he said.

"They put up a great fight and they never quit. I thought Seixas and Richardson were superb."

Hungarian Sets World Record

Rozsavolgyi Breaks 1,500-Meters Mark

BUDAPEST, Aug. 3 (UPI) — Istvan Rozsavolgyi, the third and least known of Hungary's great distance runners, bettered the world record for 1,500-meters today with a time of 3:40.6—the equivalent of a mile in 3:57.

Rozsavolgyi's record smashing race marks him as an equal of his famous teammates, Sandor Iharos and Laszlo Tabori, and gives Hungary three potential distance aces for the Olympic games opening Nov. 22 in Melbourne, Australia.

The recognized world record for 1,500-meters is 3:41.8 set by John Landy of Australia at Turku, Finland, in 1954 in the same race in which he set the world record for the mile in 3:58.

In recent months Iharos, Tabori and Gunnar Nielsen of Denmark have all been clocked in the identical time of 3:40.8 in separate races.

As matters now stand the three Hungarians, plus Gordon Pirie of England and Vladimir Kuts of Russia are expected to dominate the three Olympic distance runs—the 1,500, 5,000, and 10,000-meters.

Injuries will apparently keep the great Czech, Emil Zatopek, out of these events. If he competes at all it will be in the marathon, which he won at the last games at Helsinki, along with the 5,000 and 10,000.

Swango, Bonus Baby, Quits Minor Team

MCALISTER, Okla., Aug. 3 (P) — Bruce Swango, a \$36,000 bonus pitcher signed by the Baltimore Orioles and later released, quit the McAlester Rockets of the Class D Sooner State League today.

Proceeds from the climb will go for the benefit of the Flintstone Volunteer Fire Department, co-sponsors of the event with the Sports Car Club of America.

Trials Set Today

Trials will be conducted today.

Auxiliary police from Cumberland will assist with parking and safety, the Corriganville Volunteer Fire Company will have its ambulance on the scene and also will station volunteer firemen every 300 yards along the course with carbon dioxide fire extinguishers in case they are needed, the local Red Cross will set up a first aid station and a civilian defense rescue team will be on volunteer duty.

The first run will be held from 11 a.m. to 1 p.m., and following a break for lunch the second run will be staged from 2 to 5 p.m.

At the conclusion of the event approximately 43 trophies will be presented to the participants.

Potomac Valley, Burk's Win In County Circuit

Potomac Valley's Old Germans, pennant winners in the County Softball League, scored their 19th victory in 22 starts yesterday, wallop Melody Manor to the tune of 15-1.

Junior Brelsford notched his 18th win of the season, holding the opposition to two hits. Johnny Price slammed three 2-baggers, Paul Lease slapped a triple and two singles and Brelsford and Don Basilio hit triples.

Burk's trounced Corriganville on the latter's field by the score of 11-0.

Stair held the home team to three hits while Carl May paced the winners at the plate with a triple and single and "Hap" Kennell and Browning had two singles each. Scores:

Time 10.1 Seconds, Beats Owens' Mark

BERLIN, Aug. 3 (P) — Pvt. Willie J. Williams, 24-year-old former University of Illinois sprinter, today bettered the world's record for the 100-meter dash at an international military track meet in Hitler-built Olympic stadium.

Williams ran the distance in 10.3 seconds, clipping one-tenth of a second off the mark first set by Jesse Owens of Ohio State at Chicago June 29, 1936.

Richardson And Seixas Cop Matches

Defeat Mexico, 2-0, In Davis Cup Prelim

RYE, N.Y., Aug. 3 (P) — Davis Cup veterans Vic Seixas and Hamilton Richardson swept to almost identical straight-set singles victories today to send the United States into a 2-0 lead over Mexico in the American zone tennis final.

Seixas, a peppy, 32-year-old Philadelphian who seems to thrive with age, chopped down Mario Llamas, Mexico's No. 1 player, in the opening match at the Westchester Country Club, 6-4, 6-2, 6-4. Then Richardson, his 22-year-old teammate from Westfield, N.J., polished off young Francisco Contreras, 6-3, 6-4, 6-4.

This put the Yanks in a position to clinch the zone title in the doubles tomorrow when the two junior members of the American team, Sam Giannalva, 22, of Houston, and Barry MacKay, 20, of Dayton, Ohio, go against Llamas and Contreras.

The final two singles are scheduled for Sunday and become more formality in case of a United States doubles victory. Giannalva and MacKay also are likely to be substituted for the last day singles.

The winner of the American zone will play Italy's European champions at Forest Hills, N.Y., Sept. 28-30.

The U.S. doubleheader triumph was not unexpected, but the sparkling play of both Seixas and Richardson, although against underdog opponents, was cause for some elation in the normally pessimistic U.S. Davis Cup camp.

"I have never seen Seixas play better," said Bill Talbert, the U.S. captain. "And Richardson is much improved, with a more dependable service and better forehand."

Dr. Ricardo Tapia, the little, graying captain of the Mexican forces, was not discouraged over the first day's developments.

"The scores do not indicate how well my boys played," he said.

"They put up a great fight and they never quit. I thought Seixas and Richardson were superb."

Hungarian Sets World Record

Rozsavolgyi Breaks 1,500-Meters Mark

BUDAPEST, Aug. 3 (P) — Istvan Rozsavolgyi, the third and least known of Hungary's great distance runners, bettered the world record for 1,500-meters today with a time of 3:40.6—the equivalent of a mile in 3:57.

Rozsavolgyi's record smashing race marks him as an equal of his famous teammates, Sandor Iharos and Laszlo Tabori, and gives Hungary three potent distance aces for the Olympic games opening Nov. 22 in Melbourne, Australia.

Fish Rodeo Set Today

The bus schedule for hauling children of Cumberland to the annual fishing rodeo at the Battle Mixon Fishing Hole near Oldtown today has been announced.

The event sponsored by the City Recreation Department, Oldtown Sportsmen's Club and the Cumberland Outdoor Club will get underway at 11 a. m.

Buses will leave at 10 a. m. from the North End, Columbia Street, Penn Avenue, West Side and East Side playgrounds.

Prizes donated by local merchants will be awarded to the boy and girl catching the largest fish, largest bass, largest sunfish, largest bluegill, largest catfish, and the largest sucker.

A prize will also be donated for the first fish in each hour. The P. O. Weber Award will be given to the child judged the best sport in the rodeo. It is contributed by the Cumberland Outdoor Club.

Fishing will be from 11 a. m. to 3 p. m. Buses should return the children home by about 5 p. m. Robert E. Pence, city recreation director, said.

Will Is Probated

The will of Mrs. Elizabeth Preston Metz, Barton, was probated yesterday in Orphans Court. Executors of the will are Clarence Metz, a son, and Nellie Howell, a daughter, both of Barton. The children of the deceased are beneficiaries.

Attending Workshop

Miss Nellie R. Kooken, 303 Walnut Street, a teacher at Bruce High School, Westport, and Robert C. Morris, LaVale, teacher at Fort Hill High School, are among 50 educators who are attending a workshop on economic education at Goucher College, Baltimore.

On Dean's List

Dolores V. Rowley, daughter of Mr. and Mrs. Randel J. Rowley of 710 Greenway Avenue, attained the dean's list at the Indiana (Pa.) State Teachers College during the second semester of the 1955-56 academic year. She is in the music department.

Keeping Up With Hollywood

by Dorothy Manners

(Substituting for vacationing Louella Parsons)

HOLLYWOOD, Aug. 3—(INS)—Eva Bartok, the European charmer whose off-screen romances have frequently been more exciting than her screen love lives, will be one of the top beauties made love to by Dean Martin in "10,000 Bedrooms." Yes, it's now official that MGM has accepted \$150,000 from MGM for this Joe Pasternak picture.

Director Howard Thorpe takes off for Rome next week to prepare for the arrival of the Hollywood company at Romanoff's following the premiere of "High Society." The most surprising twosome was Jeanne Crain on the arm of Oleg Cassini, Jeanne in a mist-green over-white chiffon gown on the Grecian lines.

The ladies looked lovely at the Sol Siegel's and Dore Schary's party at Romanoff's following the premiere of "High Society."

Meanwhile, Rory and Rita Baron are vacationing, and expecting—mean the stork, of course—around Christmas time.

Hollywood in shorts: Estelita

this time for "The Big Caper" which goes into production September 5.

"We're taking Rory out of his cowboy trappings," Bill tells me. "I don't want to reveal too much about the story but it's a thriller by Lionel White who wrote 'The Killings,' which is such a smash hit for Sterling Hayden. All I'm going to say is that there's a hot romance for Rory in our picture," TOO seriously.

The foreign press toasted Kim Novak and George Sidney at their Thursday luncheon at Ciro's.

Next to the arrival of her daughter, Olivia de Havilland is happiest about the USA returns on "The Ambassador's Daughter." She has a nice chunk of the comedy which

has its Paris premiere next month. Eddie O'Brien is losing weight so fast it's hard to keep him matched up with himself in "Buffalo Grass." He's dropped 35 pounds in four months.

June Collyer and Stu Erwin couldn't be more excited about the arrival of their first grandchild, a little girl born Thursday morning to their daughter, Mrs. Burton Schutt. The baby has been named Cynthia in honor of Cynthia Lemmon (Jack's) wife, a close family friend.

That's all today.

Gas Company Builds New Feeder Line

Cumberland and Allegheny Gas Company is building a new \$79,000 network between Cumberland and its major source of gas supply.

The purchases of the Roads Department during the past year were listed with the names of each vendor, what was bought and how much was paid for each item. Largest item in the list was \$19,580 for a new piece of equipment from the Rish Equipment Company.

Some of the other large items were \$18,683.63 to the Super Concrete Company, \$20,409.10 to the Cumberland Cement and Supply Company, \$25,790.97 to the Garland Petroleum Company, \$16,721.90 to the Hampshire Builders Supply Company, \$4,259.17 to the Beall Insurance Company, \$1,543.25 to the Fry Coal and Stone Company, \$4,421.52 to the Kelly Springfield Tire Company, \$1,630.70 to the Gray Concrete Pipe Company, \$1,013.67 to the Shafer Motor Parts, \$1,589.70 to the Sherwood Brothers, \$1,266.62 to the McClung Logan Equipment Company.

A report on the cost of operating each piece of equipment and trucks of the Roads Department was included. Cost of gas, oil, tires, batteries, parts and labor on each individual machine was listed. The report also listed the hours each piece of equipment was in use and the cost of operating it on a monthly, hourly and daily basis.

An inventory of tires was in the report showing how many new, used and repaired tires were on hand.

Man Fined \$25 On Firearms Count

Ronald Lease, 24-year-old former resident, was fined \$25 at a hearing yesterday in Police Court on a charge of discharging a firearm within the city limits.

Lease, who resides in New Mexico, was arrested Thursday while firing a target rifle in the vicinity of Wills Creek Avenue. Ricochet pellets were endangering flood control workmen in Wills Creek, police said.

Keeping Up With Hollywood by Dorothy Manners

(Substituting for vacationing Louella Parsons)

HOLLYWOOD, Aug. 3—(INS)—Eva Bartok, the European charmer whose off-screen romances have frequently been more exciting than her screen love loves, will be one of the top beauties made love to by Dean Martin in "10,000 Bed-Rooms." Yes, it's now official that Dean has accepted \$150,000 from MGM for this Joe Pasternak picture.

Director Howard Thorpe takes off for Rome next week to prepare for the arrival of the Hollywood company the end of the month.

Eva has made many English and German movies, but never an American picture. She'll catch up with the troupe in Rome. And Eva won't be the only beauty in the goes-on. The story's about an owner of a chain of hotels who has a sweetheart in every hostelry.

Main source of gas here is C&A's supply line which runs from Weston, W. Va., to Cumberland and continues north to Ellerslie, where it joins pipelines of a sister company.

new feeder will run from a proposed regulator on Nemacolin to Linwood Avenue, up Linwood to Strathmore Boulevard, across Strathmore to Haig Avenue, up Haig to Park Drive and across Park to Buckingham Road.

Gilbert L. Storey, 533 Cumberland Street, has been promoted to the newly created position of assistant merchandising sales manager for the Potomac Edison System.

Henry W. Price, Cumberland District manager for the utility, said Storey started for the PE in its Cumberland sales department 23 years ago as a salesman, advancing to sales manager of the Cumberland office.

He will be replaced at the local sales position in the PE sales room on North Liberty Street by William F. Grimm, who has been sales manager at Frostburg.

Grimm, former salesman in the Cumberland office, has been manager at Frostburg since 1946. His position will be filled by David S. Dorman, who has been sales training and development supervisor of the merchandise sales department in Hagerstown.

Storey has moved to Hagerstown where he will be located in the company's central office.

DAILY CRYPTOQUOTE — Here's how to work it:

AXYDLBAAKR

IS LONGFELLOW

One letter simply stands for another. In this example A is used for the three U's X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Pennsylvania Woman Shot; Man Jailed

Victim, 36, In 'Fair' Condition At Local Hospital

A Grindstone, Pa., man is being held in County Jail in the shooting of a woman in his car yesterday afternoon on Route 40 just inside the eastern limits of Allegany County.

Daisy Swing Thornton Gabriel, 36, also of Grindstone, was reported in "fair" condition last night in Sacred Heart Hospital.

Bennie Gabriel, 32, was charged with assault with intent to kill, after being questioned in the State's Attorney's office. Authorities quoted the woman as saying she was Gabriel's common-law wife.

The couple was traveling to Grindstone accompanied by another couple. They were returning from Fort Meade, where they had been visiting friends.

Argument Begins

Police said an argument began between Gabriel and Daisy Gabriel over who should drive.

Gabriel was quoted as saying he stopped the car and opened the door. As he stepped from the car he pulled a .38 calibre pistol out of his shirt and brought his hand down against the back of the car seat. The gun went off.

He said he then got into the car and drove some distance before he realized the woman had been shot. He then drove into Cumberland, where he was directed to Sacred Heart Hospital.

The hospital reported the gunshot wound to State Police barracks at LaVale. Tfc. James F. Lewis was sent to the hospital and took Gabriel to the office of Edwin R. Liliy, county investigator, for questioning.

Two Bullet Wounds

Dr. Lewis Brings said the woman apparently suffered two gunshot wounds, one on each side of her back in the shoulder area. He said that because of her weakened condition, a result of loss of blood he would not attempt to remove the bullets until she becomes stronger.

Statements of the shooting were taken from the witnesses, who were identified as Miss Quemire Simpson, 17, and Otis Patrick, 35, both of Pittsburgh, Pa., by assistant State's Attorney James Getty.

Authorities said Gabriel will be given a preliminary hearing after the outcome of the woman's injuries is known.

Trucker Cleared In Tot's Death

A local truck driver was exonerated yesterday in the accidental death of a five-year-old Slanesville boy after being questioned by West Virginia State Police at Romney.

Carl Triplett told Trooper C. E. the victim, Walter Barry Walls, had been riding on the rear of his truck before he either jumped or fell off the vehicle Wednesday and was fatally injured.

The boy, a son of Wesley and Kathleen (Haines) Walls, of near Slanesville, died Thursday in Winchester (Va.) Memorial Hospital. His brother, William Grant Walls, was reported in "fair" condition yesterday at the hospital.

The young brother, police said, apparently hitched a ride on the bed of the truck which had delivered feed at their farm home.

Allender Heads State Council

F. Patrick Allender, business agent of Carpenters Local 1024 here, has been re-elected president of the Maryland State Council of the Carpenters Union.

Other officers, named at a meeting in Hagerstown Saturday, were Lorenzo Marshall, Salisbury, first vice president; Carroll J. Weise, Baltimore, second vice president; Charles H. Davis, Baltimore, recording secretary, and C. Edward Niner, Baltimore, financial secretary.

Robert B. Kimble, chairman of the Maryland Department of Employment Security, and C. E. Warner, York, Pa., AFL-CIO representative, were the principal speakers.

New Route 40 Stretch Opened

The new stretch of U.S. Route 40 on Little Savage Mountain in Garrett County was opened to traffic its entire distance last week and the surfacing was completed yesterday by the contractor, Keeley Construction Company of Clarksburg, W. Va. Beginning

Monday workmen from the State Roads Commission will dot the road for center lining. The picture was taken looking east toward Frostburg. The bridge overhead carries State Route 146 toward Finzel. The project eliminates a bad curve on the highway.

George's Creek Coal Firm Purchased By Cherry Hill

The Cherry Hill Coal Corporation of Cleveland has purchased the entire common stock of the George's Creek Coal & Land Company, of Lonaconing, and its wholly-owned subsidiary, the George's Creek Fuel Company, of Cumberland.

The purchase, announced from that Ohio city yesterday, brings into the Cherry Hill organization the oldest active coal mining company in the United States.

First organized in 1837, the George's Creek coal firm has been in continuous operation for 119 years in the George's Creek coal basin, one of the richest coal deposits in the United States.

Under the stock purchase plan, the Cherry Hill corporation has acquired 2,000 acres of coal lands in Allegany County and 8,000 acres in Garrett County.

The estimated remaining coal reserves in the property are in excess of 30,000,000 tons.

Will Keep Name

The business will continue as the George's Creek Fuel Company and no changes in present personnel is contemplated, according to yesterday's announcement.

Cherry Hill Coal Corporation owns and operates the Cherry Hill deep mines at Morgantown, W. Va., and the Lucille Tipple at Hoard, W. Va., on the Monongahela River.

The firm also recently acquired a large lease of coal lands in Elk County, Pa., and is currently operating the Mead Run Strip Mine at Helen Mills, Pa., on the Erie Railroad.

The corporation also owns the McGeorge Coal Company, Cherry Hill Coal Company of West Virginia, and a railway supply division, the Cox-McGeorge Company.

Officers of the corporation are Donald H. McGeorge, president; Arthur T. Cox Jr., vice president; James A. Butler, secretary and general counsel, and Donald F. Boies, treasurer.

Formed In 1837

The company, and the town of Lonaconing, began their existence in 1837.

In that year, the George's Creek Coal and Iron Company began the development of its extensive property in Western Maryland.

Formed by a London and Baltimore syndicate, the company began by digging iron ore, limestone, coal and by erecting an iron furnace.

It was incorporated by the Maryland General Assembly, from which it received broad powers, including the right to control the habits and morals of the community called the "Lonaconing Residency."

The iron operation was abandoned in 1856, due to the lack of iron.

Judge Harris' decree ended the case.

Brice Hollow Road Rattlers Are Big

Rattlesnakes grow big along the Brice Hollow Road—at least, one killed yesterday afternoon by Wade Rice was rather large.

Rice, a farmer, said he was driving along the highway when he spotted the snake crawling across the road. He ran over it with his pickup truck, got out and hit it with a rock.

It measured about 47 inches in length and was nearly seven inches around. The snake had eight rattles and a button.

The City Recreation Department has asked the Mayor and Council to increase its appropriation by \$9,500 in the current fiscal year.

The budget request, presented to William H. Buchholtz, commissioner of streets and public property, would increase the cost of operating the department to \$52,500.

Robert E. Pence, who yesterday submitted his resignation from the \$6,000 post of recreation director, pointed out the department stayed within its \$43,000 budget last year but that the program should be expanded.

Here are the items in the recommended expansion program, listed in the order of their importance:

For an additional playground.

Pointing to the lack of recreation facilities on the West Side, the department has recommended the development of the junior high school field, adjacent to Allegany High School, as a playground. The work, and leadership, was estimated to cost \$1,000.

For capital outlay, the sum of \$4,000 is asked. Pence said the funds could be used to hire four additional maintenance men over

used to purchase equipment which does not qualify for proceeds from the 1947 recreation bond issue.

Items were listed as bleachers and backstops and such equipment. The rest of the money could be used to match funds supplied by playground associations for improvements on grounds not owned by the city.

For additional salaries, \$2,000 is recommended. The program has expanded, Pence said, to the point where more personnel is needed.

The department, he said, hesitates to send groups of youngsters to other areas, fields or the park pool without proper adult supervision.

In order to meet the expanded summer program, Pence said, the department needs six additional people. This would cost an additional \$2,000.

He said the department must either receive this extra appropriation or shorten the nine-week playground season by week.

For additional maintenance, \$4,000 is asked. Pence said the funds could be used to hire four additional maintenance men over

Ball Game, Ice Cream Social Scheduled

Mothers of the Corriganville Boys Club will sponsor a double-header Pony League baseball game and an ice cream social Sunday at 2 p. m. at the Corriganville ballfield. Playing will be the Boys Club and Midland.

Demand For Surplus Food Increases

A slight increase in the demand for surplus foods was noted yesterday by the Associated Charities. The Red Feather agency had taken 342 applications by 3 p. m. yesterday, with an hour to go before the registration deadline. Last month's applications totaled 331.

For capital outlay, the sum of \$2,000 was asked. The funds would

For additional maintenance, \$4,000 is asked. Pence said the funds could be used to hire four additional maintenance men over

a center one day a week would cost about \$1,500. He said the department would like eventually to have four such centers, but is asking only one this year as an experiment.

The cost of operating the department last year included \$16,700 for administrative costs, \$18,900 for spring and summer activities, \$4,600 for the operation of the park pool and \$2,800 for fall and winter activities. Total cost was \$43,000.

Pence submitted his resignation to the Cumberland Recreation Board Thursday night.

Pence has been under consideration for a new position with the Allegany County Board of Education relating to the recreation-physical education field.

The resignation, to be effective September 11, was submitted yesterday to Mayor Roy W. Eves by Chief Judge George Henderson, who has been chairman of the recreation board for the past year.

Pence took over the city recreation director's position in 1952, succeeding Edmund F. Hoey who set up the city's recreation department. Pence had been at Allegany High School since 1946 as

football coach.

The resignation will probably be acted upon by the Mayor and Council at its meeting Monday morning.

The recreation board elected James Weber chairman to succeed Judge Henderson. Judge Henderson remains as a member of the board.

The board also welcomed its newest member attending the first meeting since his appointment, Arch M. Hutchison.

The members discussed the Pine Avenue Pool situation and decided that it is too late to do anything about reopening it.

The residents of the area want the pool opened. The State Health Department has informed the recreation board that a filtration system together with other repairs would be necessary before a permit could be issued.

The board also discussed leasing property adjacent to the Naval Reserve Armory on McKaig's Hill to be used for parking during softball games on the armory's ball park. The Naval Reserve has given the recreation department the use of the field for rec league games.

Girl Scouts Will Begin Camp Tuesday

178 Enrolled For 18 Days Outdoors

Girl Scouts of Cumberland Council will begin their annual encampment next week at Camp Potomac, the Boy Scout facility near Oldtown.

Miss Oliver Hurlbert, scout and camp director, said the staff will go to the camp tomorrow for two and half days of preparation and organizational training. The young campers will arrive Tuesday.

The first contingent of about 76 campers are registered for a 12-day session, ending August 18. A second contingent of one-week campers will arrive August 19. A total of 102 are enrolled for the second period, and a few more can be accepted.

Leaders Chosen

Unit leaders at camp this year will include Miss Betty Ramsay, Miss Nancy Long, Miss Lynne Swaney, Miss Roseann Fox, Miss Pauline House and Mrs. Elizabeth Williams.

Assistants in the units will include Miss Lois Boggs, Miss Alice Bartlett, Miss Sylvia Kunkle, Miss Lucy Kreichbaum, Miss Mary Jane Howell, Miss Sherill Petty, Miss Maureen Mors and Miss Arlene Green.

Camp nurse will be Miss Sarah Bowen. Crafts will be in charge of Miss Beverly Winters and nature consultant is Miss Eleanor Minke.

The swimming director is James Rankin, and handy boys include James Williams and Jack Fisher.

"Americana" Theme

Miss Hurlbert said the Junior Camp Committee has chosen "Americana" as the theme for the opening camp fire and all six units will be named after something representative of "Americana" such as "The Pioneers," "The Frontiersmen," "The Southern Belle," and "The Minutemen."

The show, which will feature top performers, is scheduled to last for about three hours and is being sponsored by the licensed pilots and aircraft owners of the Cumberland area.

Co-chairmen of the event are Warren Mulleran, manager of the local airfield; William O'Neil and Richard Hott, licensed pilots, who will be assisted by other pilots.

Master of ceremonies will be Bill Sweet of Ohio, famed air show announcer who has handled other such events. Featured stars of the show here on Aviation Day will include Bevo Howard, Woody Edmondson, George Young, and many other well known aviation personalities.

Parachute jumps and precision aerobatics will thrill the spectators during the afternoon show, which is being held to stimulate interest in aviation in the area. Similar shows are being held in other parts of the country in the promotion of aviation.

Refreshments will be available at the airport.

County Group To Attend GOP National Meet

Four Allegany County Republicans, including U. S. Senator J. Glenn Beall, Newark, Del., announce the birth of a son there yesterday. The mother is the former Miss Joan Cessna, daughter of Mr. and Mrs. Herbert Cessna, Park Heights. The father is a son of Mr. and Mrs. Carl G. Reuschel, 54 Oak Street.

Mr. and Mrs. E. T. Rothe LaVale, announce the birth of a son Tuesday in Doctors Hospital, Philadelphia.

New dress uniforms for all members of the department and additions to the fire alarm system to protect new buildings in the city also will be asked.

All of the fire stations, he added, need minor repairs, and the costs of supplies and of gas to heat the fire stations have increased.

Pedestrian, 66, Killed By Car

Warren Prinny of Corriganville died last night in Sacred Heart Hospital after he was struck by an auto near his home.

Prinny, about 66, was hit by the car approximately 500 feet from his residence.

The mishap occurred near the Ellerslie Road intersection in Corriganville about 10:40 p. m. He was taken to the hospital in the ambulance of the volunteer fire company in Corriganville and died about 11:20 p. m.

Tic. Jack Browning is investigating.

Boost In Fire Budget Will Be Requested

Police and Fire Commissioner William V. Keegan said yesterday he will request about \$35,000 more in the 1956-57 budget for the operation of the Fire Department.

The total budget request, he said, is about \$280,000.

An increased budget will be asked, he said, to provide equipment needed by the department.

The chief item, he added, is a new 1,000-gallon pumper for Central Fire Company. At present, the company has a 500-gallon-a-minute pumper as first-line equipment and a 750-gallon truck to back it up.

Another important item, Commissioner Keegan said, is the purchase of a new hydroelectric testing device, needed to replace 40-year-old equipment used to test water pressure.

Two more mobile radio units are needed, he added, to complete the department's communications equipment.

New dress uniforms for all members of the department and additions to the fire alarm system to protect new housing developments in the city also will be asked.

All of the fire stations, he added, need minor repairs, and the costs of supplies and of gas to heat the fire stations have increased.

Provisions for salaries for two more firemen are included in the budget request, he added.
